Read—

Letter dated the 12th May 1919, from the Provisional Secretary to the Committee of the Mysore Civil Service Association, submitting an extract of the proceedings of the meeting of the Committee held on the 7th May 1919, regarding the grant of certain facilities to the Officers who wish to attend the Mysore Civil Service Association Meetings.

Order No. 1540-98—C. B. 147-18-2, dated 4th June 1919.

Government are pleased to direct that the period of absence of the Officers who are members of the Mysore Civil Service Association in connection with their attendance at the inaugural and annual meetings of the Association be treated as time spent on duty. The total period of absence should not exceed five days without special sanction.

2. The journey to and fro must be made at the expense of the Officers concerned.

3. The Officers should take the permission of their immediate official superior before proceeding to attend the meeting. Heads of Departments and Deputy Commissioners of Districts will see that work does not materially suffer owing to the simultaneous absence of a number of Officers wishing to attend the meeting.

GENERAL AND REVENUE DEPARTMENTS

Read—

Letter No. 489, dated 11th January 1919, from the Professor in charge of the College of Engineering, Bangalore, submitting for orders the application of certain Probationary Assistant Commissioners appointed in January 1918, stating that they had not sufficient time to prepare for the Local Service Examinations held in May 1918, that they have practically only a single chance in May 1919 for passing all the required tests before their confirmation in January 1920, and requesting that they may be given a chance of qualifying themselves fully in May 1920 without detriment to their relative rank or seniority.

2. Letter No. C. 3261, dated 11th March 1919, from the Revenue Commissioner, submitting for favourable consideration a similar representation from Mr. B. S. Raghavendra Rao, Probationary Assistant Commissioner.

Order No. 1666-1709—C. B. 13-18-75, dated 25th June 1919.

According to Rule VIII of the Mysore Civil Service Rules of 6th January 1913, as modified by Government Order No. G. 546-96—G. M. 327-16-29, dated 17th July 1917, officers admitted to the Civil Service are required to pass all the required Local Service Examinations before the completion of the Probationary period of two years. Such of them as fail to qualify within that period are liable to loss of relative rank, consequent on their confirmation of their juniors who do so qualify.

2. In the case, however, of the officers appointed in January 1918, it has been represented to Government in the communications read above, that the interval between the date of their appointment and the date of the first examination held thereafter was too short to allow of adequate preparation on their part and that thay had virtually only a single chance available to them which they could properly avail themselves of, namely, that afforded by the examination of 1920. Government have considered the representations carefully and have decided to amend Rule VIII of the Civil Service Rules as follows :—

Add the following as proviso (1) to clause (*a*) and read the second sentence of clause (*a*) as proviso (2).

"Provided that if there is not an interval of at least six months between the date of appointment of a Probationer to the Civil Service and of any of the aforesaid examinations held next after such appointment, the Probationer may be permitted to qualify for such examination at the next opportunity open to him after expiry of the period of probation, without his relative rank being affected."

3. Government are further pleased to direct that the benefit of the new proviso as above be allowed to the present batch of Probationary Assistant Commissioners.

4. Rule VIII as amended will stand as follows:—

Rule VIII.—Persons admitted into the Mysore Civil Service by competition under Rule II (1) or nomination under Rule II (2) (*b*) will be under probation and training for a period of two years and will draw a pay of Rs. 200 per mensem during the period.

(*a*) During this period they shall pass—

(i) An examination in riding.

(ii) Departmental Service examinations required according to the rules in force for the time being; and

(iii) such of them as have not taken Kannada as their optional language in a University or other recognised public examination, an examination in that language according to the prescribed standard.

(*Proviso 1.*)—Provided that if there is not an interval of at least six months between the date of appointment of a Probationer to the Civil Service and of any of

the aforesaid examinations held next after such appointment the Probationer may be permitted to qualify for such examination at the next opportunity open to him after expiry of the period of probation, without his relative rank being affected.

(*Proviso 2*)—Provided also that a Probationer failing to pass the above tests by the end of the two years of probation may be allowed a further year's grace. Failing to pass in the third year, his name will be removed from the list of Probationers.

(*b*) (i) During this period the Probationers will be trained in office work and other duties as far as may be practicable and will also receive a training in Treasury work, Revenue Survey and Elementary Engineering in the order and for the minimum periods specified below:—

(1)	Training in the Taluk Office	6 months.
(2)	Survey training	2 ,,
(3)	Engineering Training	3 ,,
(4)	Training in Treasury work	3 ,,
(5)	Training in the District and Sub-Division Offices	6 ,,

(ii) After the Probationers have passed the required examinations and successfully undergone the prescribed training, they will, at the discretion of Government, be appointed to the several departments of Government in accordance with the exigencies of service and individual aptitude and qualification, provided that Government may for sufficient reason at any time transfer an officer from one department to another.

(iii) Probationers intended for employment in the Accounts Department will after their period of probation, be attached to the Comptroller's Office, and trained in Civil and Public Works Accounts. In addition to practical training they will be required to appear for and pass the Departmental Accounts Examinations which may be specified from time to time.

(iv) Probationers intended for employment in the Survey Department will, in addition to the training as in (i) above, be trained in the work of the Department and will be required to pass the departmental examinations in Survey work.

A Probationer who has not made adequate progress during the course of training will be liable to have his confirmation deferred or to be removed altogether from the service.

The marginally noted Government Orders sanctioning a scheme for distribution of ragi and rice to the poor in the Bangalore and Mysore Cities and other District Headquarter towns at concession rates.

G. O. No. G. 20895-904—P. P. 134-18-438, dated 19-3-19.

Order No. G. 28099-112—P. P. 134-18-622, dated 18th June 1919.

In order to meet the acute situation in regard to foodstuffs in urban areas, a scheme for distribution of ragi and rice under State and Municipal Agency was authorised in the Government Orders read above and large quantities of ragi were commandeered in the Bangalore and Mysore Districts for the purpose. Now that the situation has appreciably eased and the seasonal prospects have brightened and also the stocks of ragi in the State have been largely depleted, Government consider it unnecessary to commandeer ragi any further and accordingly direct that the sale of ragi through Government Depots be discontinued both in the Bangalore and Mysore Cities and also in other places with effect from 20th June 1919. The Food Controller will, however, arrange to keep some reserve stock of ragi to meet any sudden and unexpected situation that may arise.

2. The arrangements to sell Burma rice at the Government Depots will continue till the end of August 1919. The sale at concession rate sanctioned in the Government Orders read above will however be abolished. Cost price should be fixed for each consignment and sale effected according to such price.

Mysore Soldiers' Board

No. G. 182-194—MILY. 323-18-10, DATED CAMP MYSORE, THE 14TH JUNE 1919,

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Order No. G. 182-194—Mily. 323-18-10, dated Camp Mysore, the 14th June 1919.

With a view to deal effectively with all questions affecting the interests of serving, discharged and deceased soldiers and non-combatants and their dependants arising after demobilisation, the Government of His Highness the Maharaja have decided to constitute a "Mysore Soldiers' Board."

2. The constitution of the Board will be as follows:—

(i) President—His Highness the Extraordinary Member.

(ii) Vice-President—Mr. Mir Humza Hussain, B.A., B.L., Member of Council.

(iii) *Ex-officio* ...
1. Inspector-General of Police.
2. Inspector-General of Prisons.
3. Chief Commandant, Mysore State Troops.
4. Revenue Commissioner.
5. Chief Secretary to Government.

(iv) Two non-official members to be nominated separately.

(v) Joint Secretaries ...
1. Personal Assistant to the Chief Commandant, Mysore State Troops.
2. Under Secretary to Government, Political Branch.

3. The Board will deal with the following subjects:—

(i) The formation of district records of war services which may serve as the basis for future action.

(ii) Consideration of the question of land rewards for non-combatants and discharged soldiers.

(iii) The question of preferential treatment in obtaining employment under Government.

(iv) Educational concessions for retired soldiers' children.

(v) The after care of the incapacitated and wounded soldier, and the establishment of special institutions and training to serve this purpose.

(vi) The safeguarding, by provincial and district committees, of the general interests of discharged soldiers. These committees should advise and watch the interests of soldiers who have been absent from their holdings for a long time.

(vii) Consideration, in collaboration with the military authorities, of the whole subject of demobilisation in its civil aspect, in relation to prevailing economic conditions as to the general interest.

(viii) All questions connected with demobilisation, and

(ix) Any subjects that may specially be referred by Government.

4. Details regarding meetings, rules of procedure, etc., will be settled by the Board.

Drafts of Amendments to Appendix L of the Mysore Service Regulations.

Para 17. For the words "Family Pension" occurring in the 1st line—substitute "Pensions for the support of the family."

Para 19. Sub-para—Substitute the following in lieu of the present sub-para:—

If no nomination is made or if at the date on which the claim to pension is investigated the nominated heir is disqualified the pension will be admissible to the living relative highest in the list given in Rule 18, or if that relative is intelligible to the next in order.

Para 20. To be reconstructed as below:—

Terms on which granted. The grant of family pension is for life, subject to the following restrictions:—

(i) A pension is given to a son until the age of 18 years only, unless he is a cripple or otherwise physically or mentally unable to support himself, in which case it can be given for life.

(ii) A pension is given to a father only after the age of 50 years; before that age only if he is (*a*) a cripple or otherwise physically or mentally unable to support himself or (*b*) if and for so long as the deceased's widow, not being re-married or any sons of the deceased under 18 years of age, or over 18 years of age but physically or mentally incapacitated, or any unmarried daughters are being supported by him. If under this rule the pension ceases before the age of 50 it will be resumed on his attaining that age.

(iii) A pension to a unmarried female ceases on marriage, and in the case of a widow on re-marriage. In special cases where minor sons, or sons overage but physically or mentally incapacitated or un-married daughters (the widow being dead or having forfeited her pension) are in necessitous circumstances the Government will consider the propriety of continuing the family pension to such persons and for such a period as they may think fit.

Note.—The term "widow" used in this clause includes a widowed mother.

(iv) Except where specially provided for a pension cannot be transferred and cases altogether on the death of the original recipient.

(v) Government can at any time withhold or stop the payment of a pension for grave misconduct.

(vi) Subject to (viii) the same person cannot hold two Government pensions at the same time. The pension least advantageous must be surrendered.

(vii) Subject to (viii) a pension merges in the pay of any appointment under Government but if such pension exceeds such pay the heir will receive the half of such pension in addition to pay; on discharge from such appointment the pension becomes admissible.

Note:—Officers employing pensioners should communicate the fact to the Comptroller to the Mysore Government.

(viii) An heir is not disqualified for pension by (vi) and (vii) provided there are other eligible heirs within the degrees mentioned in paragraph 18.

(ix) When for any cause a family pension ceases to be payable to an heir other than the widow, it will be transferred to the widow for so long as she is not disqualified under (iii) or (v) above. If there are children but no widow their case will be dealt with as in (iii) above.

ANNEXURE

This Agreement made the.. ... ... day of ..... between ..... hereinafter called the Medical Student, of the one part and the Government of His Highness the Maharaja of Mysore, hereinafter called the Government of the other part.

Whereas on the application made by the Medical Student above named, the Government have consented to grant a $\frac{\text{Subsistence Allowance}}{\text{Scholarship}}$ to the said Medical Student as per terms and conditions detailed hereunder :—

Now this Agreement witnesseth as follows:—

(1) The parties hereto agree that the rules regarding the grant of $\frac{\text{Subsistence Allowance}}{\text{Scholarship}}$ which is granted to the Medical Student under this Agreement (as per Government Proceedings No.....) shall be read and treated as forming part of this Agreement.

(2) The said rules have been carefully read by the Medical Student who hereby agrees to be bound by all the terms mentioned and the conditions laid down therein.

(3) The said Medical Student further agrees to abide by all the Rules and Regulations for the time being in force in respect of such $\frac{\text{Subsistence Allowance}}{\text{Scholarship}}$

(4) In consideration of the $\frac{\text{Subsistence Allowance}}{\text{Scholarship}}$ of Rs. .....per mensem which the Medical Student is to get for the period and under the terms and conditions mentioned in the said Rules, the Medical Student hereby undertakes to prosecute $\frac{\text{his}}{\text{her}}$ studies with due diligence and to complete the full course of instruction prescribed in the (name of the school, college or hospital or other prescribed institution may be here mentioned) and to pass the requisite examination.

(5) For the consideration aforesaid, the Medical Student on completion of $\frac{\text{his}}{\text{her}}$ medical course and after passing the requisite examination, *viz.*, (here enter the name of the examination) hereby undertakes and agrees to serve the Government, if called upon to do so, for a period of ..... years, on such terms as may be fixed by the Government.

(6) But in case the Medical Student fails to prosecute $\frac{\text{his}}{\text{her}}$ studies with due diligence or is dismissed from the aforesaid institution for misconduct or other causes or fails to attend and completely go through the full course prescribed without sufficient cause (the

Government being the sole judge of what is a sufficient cause) or upon the completion of the course fails to enter the service of Government on such terms as may be fixed by Government or having so entered fails to continue in the service during the period of.... years prescribed as above, the Medical Student shall refund to Government the whole of the amount so received by the Medical Student as $\frac{\text{Subsistence Allowance}}{\text{Scholarship}}$ from the Government, together with the amount of cost incurred by Government on account of the school or examination fees books, instruments and travelling expenses, if any, of the Medical Student.

(7) If the Medical Student shall make default in the payment of the said sum as referred to above, such sums shall be recoverable from $\frac{\text{him}}{\text{her}}$ personally and from $\frac{\text{his}}{\text{her}}$ movable and immovable properties or at the option of Government, as a revenue demand in accordance with the law for the time being in force for the recovery of arrears of land revenue due to the Government.

In witness whereof the Medical Student doth hereby set his hand and seal the day and year first above written.

Read—

Government Order No. J. 4550-4600—Cts. 312-12-1, dated 10th May 1918, sanctioning the scheme for the separation of judicial and executive functions in the State.

2. Government Order No. G. 7962-69—Cts. 27-18-3, dated 1st November 1918, passing orders in regard to the establishment of Magistrates' Courts under the scheme in the Bangalore and Shimoga Districts.

3. Letter No. 50, dated 23rd December 1918, from Mr. S. P. Rajagopalachari, Under Secretary on Special Duty, submitting a final report on the introduction of the scheme into the remaining districts of the State.

Order No. G. 27798-805—Cts. 157-18-2, dated 12th June 1919.

In pursuance of the scheme of separation already sanctioned and introduced into two districts of the State, Government have decided to extend the measure to two more districts, namely, Mysore and Kadur, with effect from the 1st October 1919.

2. On a consideration of the final report (read above) of the officer on Special Duty, it appears to Government that the tentative allocation of the Courts as sanctioned in the Government Order of the 10th May 1918, in regard to the said two districts, admits of improvement in certain respects. They are accordingly pleased to modify the location and jurisdiction of the courts in the Districts of Mysore and Kadur as specified below.

MYSORE DISTRICT.

1st Class Courts.

Location.	*Jurisdiction.*
1. City Magistrate, Mysore	.. All classes of cases of the Mysore City and Taluk.
2 First Class Magistrate, Mysore	.. All 1st class cases of the district (except the Mysore City and Taluk) and the 2nd and 3rd class cases of the T.-Narsipur Taluk.

2nd Class Courts.

1. Hunsur	.. The taluks of Hunsur, Yedatore, and Heggaddevankote.
2. Nanjangud ...	.. Nanjangud, Chamrajnagar, Gundlupet and Yelandur Taiuks.
3. French Rocks ..	.. Taluks of Seringapatam and Krishnarajpete and the Sub-Taluk of French Rocks.
4. Mandya ..	.. Mandya, Malvalli and Nagamangala Taluks.

KADUR DISTRICT.

1st Class Court.

Chikmagalur ..	.. All first class cases of the district and the 2nd and 3rd class cases of the Chikmagalur and Mudgere Taluks.

2nd Class Court.

Tarikere ..	. The taluks of Tarikere, Koppa and Kadur and the Sub-Taluks of Narasimharajapura and the Sringeri Jaghir.

3. Under the above arrangement there will be one 1st Class Magistrate's Court at Mysore, besides the Court of the City Magistrate, Mysore, and one such court at Chikmagalur. There will be a 2nd Class Magistrate's Court at each of the following places, *viz.*, Hunsur, Nanjangud, French Rocks, and Mandya in the Mysore District and Tarikere in the Kadur District.

4. A notification establishing the several courts of Magistrates required for the two districts from 1st October 1919, will be issued separately.

No. G. 27798-805—Cts. 157-18-2, dated 12th June 1919.

5. Sanction is accorded for the purchase of articles of furniture, etc., required for each of these new courts at a cost not exceeding Rs. 750 in the case of a 1st Class Magistrate's Court and not exceeding Rs. 600 in the case of a 2nd Class Magistrate's Court. A list of articles required is appended to this order, and the Comptroller is requested to place a sum of Rs. 3,150 at the disposal of the District Magistrate of Mysore and Rs. 1,350 at the disposal of the District Magistrate of Kadur for making the necessary purchases. The District Magistrates are also requested to procure in good time the required furniture, which, as far as possible, should be made locally.

6. Volumes of the Mysore Code and copies of such of the Regulations and Rules as are required for the use of these courts and also of the Mysore Chief Court reports will be supplied on the requisition of the District Magistrates concerned, by the Curator, Government Book Depot. The Inspector-General of Education is requested to issue necessary instructions to the Curator in the matter.

7. Sanction is also accorded to the purchase of the marginally noted books for the use of the courts referred to above. The Comptroller is requested to admit charges incurred up to Rs. 80 in the case of each court. The amount required for the purchase of furniture and books, *viz.*, Rs. 5,060 will be met out of the lumpsum provision made in the next year's budget for the introduction of the scheme into the districts of Mysore and Kadur.

1. Ratanlal's Law of Crimes
2. Sohoni's Criminal Procedure Code.
3. Amir Ali's Evidence Act.
4. Sanjiva Rao's All India Criminal Digest.

8. The Superintendent, Government Stationery, is directed to supply the required registers, forms and stationery on the indents of the District Magistrates concerned.

9. The present rules for the disposal of the records of Criminal Courts are suitable and no fresh rules are necessary at present in the matter.

10. The Deputy Commissioners and District Magistrates of the two districts concerned are empowered to select competent officials for these new courts subject to the conditions that only those who have passed the Criminal Higher and the Criminal Lower tests shall be eligible for appointment as Head Clerks and Clerks respectively, and that the strength of establishment fixed for each class of courts in the Government Order of the 10th May 1918, is kept in view. The officials selected should be instructed to join their appointments by the 24th September 1919, so as to be ready for starting the work of the new courts on the 13th October 1919. The establishments of these courts will continue to be under the control of the District Magistrates.

11. The Inspector-General of Police is requested to issue a standing order to the Police in the Mysore and Kadur Districts to invariably obtain remands from the local *ex-officio* Magistrates and not to take the accused persons to the trying Magistrate if his court is not located in the same taluk.

12. The Chief Court will be requested to issue instructions to the Magistrates in the Districts of Mysore and Kadur to dispose, before the end of September 1919, of all pending cases of a serious nature, especially those in which the accused are in custody.

13. Orders in regard to the appointment of the presiding officers for the new courts, accommodation for the courts, etc., will be passed separately. The District Magistrates of Mysore and Kadur Districts are requested to send up proposals for the establishment of Bench Magistrates' Courts in Taluk Headquarters for the disposal of petty cases.

ANNEXURE.

No. 8228-602, dated Bangalore 19—20th May 1919, from A. Subramanya Iyer, Esq., B.A., Officiating Inspector-General of Police in Mysore, to C. S. Balasundaram Iyer, Esq., B. A., Chief Secretary to the Government of His Highness the Maharaja of Mysore.

I have the honor to submit the following report on the working of the Mysore Arms Regulation and the Rules framed thereunder for the calendar year 1918.

2. The appended statement No. I shows the total number and the description of licenses issued under the various forms. It will be seen from it that 18,426 licenses were issued during the year against 18,183 in 1917, showing a net increase of 243 licenses as detailed below:—

District	Increase.	Decrease.
1. Bangalore	..	.. 226
2. Kolar	148	.. ..
3. Tumkur	94	.. ..
4. Mysore	..	... 472
5. Hassan	38	.. ..
6. Shimoga	571	.. ..
7. Kadur	41	.. ..
8. Chitaldrug	49	.. ..
Total ..	941	.. 698

Net increase .. 243.

There has been an increase in all the districts except Mysore and Bangalore. The District Magistrate, Bangalore, reports that the decrease is due to greater scrutiny and discretion used in the grant of fresh licenses and renewals of old ones. The District Magistrate of the Mysore District, reports that the decrease is due to the non-receipt of applications for renewal in time.

The increase in the Shimoga District is marked which the District Magistrate attributes as due to licensees having applied for the renewal of old licenses more punctually and regularly during the year than in the previous years. The Provincial increase is normal and does not call for any remarks.

No. G. 28407-15—Pol. 194-18-3, dated 23rd June 1919.

3. Statement No. II shows the number of licensed dealers in sulphur, manufacturer of fire-works and medicines during the year was 92 or 3 less than in the previous year. The quantity of sulphur on hand with the dealers at the beginning of the year was 5 tons, 4 cwts. 2 qrs. and $10\frac{5}{12}$lbs. or 17 cwts. 1 qr. and $17\frac{7}{10}$lbs. less than the closing balance on the last day of December 1917. This deficiency is due to the exclusion of the balance of sulphur which was with some of the licensed dealers who died and of others who did not transact business during the year.

4. Statement No. III shows the number of shops licensed in Forms II and III and the results of their inspection by the Police and the Magistracy. The total number of shops for which licenses were issued during the year was 112 against 111 in the previous year. Eighty-six of these were inspected either by the Police or by the Magistracy. Of the remaining 26 shops which were left uninspected, 10 could not be inspected as the licensees did not transact business and had closed their shops. Police Inspectors inspected 60 shops, Superintendents of Police 49 and Magistrates 43. The Superintendents of Bangalore and Hassan inspected all the shops in their districts, while those of Kadur and Shimoga left a large number uninspected, *viz.*, 21 out of 23 and 16 out of 18 respectively. This is not satisfactory.

5. Eight cases involving 8 persons were prosecuted for violation of the provisions of the Regulation, of which 7 cases involving 7 persons ended in conviction and the remaining one case involving one person was awaiting trial at the end of the year.

Of the 7 cases involving 7 persons, which were pending at the close of the year previous, 3 ended in conviction, 2 in acquittal or discharge, and one which was pending at the close of 1917 ended in conviction during the year 1918.

6. It is reported that 14 guns (6 in Bangalore and 8 in Shimoga) were manufactured during the year and that no ammunition was manufactured anywhere in the State.

7. I regret the delay in the submission of this report, which was unavoidable, as reports and information in regard to omissions and discrepancies were not received in time from some of the districts.

Paragraph (2) of Government Order No. G. 17449-50—G. M. 295-17-4, dated 18th June 1918, directing that vigorous steps should be taken to realise the arrears that have been long outstanding from the various offices to the Government Stationery Depot for articles supplied by the latter.

2. Correspondence ending with letter No. 927, dated 11th February 1919, from the Superintendent, Government Stationery Depot, stating that the present system of preparing and sending bills to paying departments has resulted in great confusion as no information can be got regarding adjustment of such bills and proposing, in order to get over this difficulty, the preparation in future of bills in triplicate sending two to the officers concerned and the third to the Comptroller in order that he may arrange to have the bills adjusted and to inform him of the same.

3. Letter No. T. A. D. A. 1277, dated 28th April 1919, from the Comptroller to Government, furnishing his opinion in the matter.

Order No. G. 27813-14—G. M. 295-17-10, dated 13th June 1919.

Government observe that the present system requires alteration and are accordingly pleased to issue the following instructions for the adjustment of bills on account of articles supplied from the Stationery Depot:—

1. Invoices accompanying supplies of Stationery should in future give the cost as well, and be prepared in triplicate by the Superintendent, two of the forms being sent to the officer to whom the supply is made.

2. In acknowledging the receipt of the articles the officer receiving the supply and invoices should accept the cost as chargeable to his office and return one of the forms to the Superintendent, who should note the fact of acceptance in his office copy and pass on to the Comptroller for adjustment the combined invoice and bill with the acceptance of the officer receiving the supply.

3. The Comptroller will arrange to give regular monthly intimation to the Superintendent of all adjustments effected under this arrangement.

4. On receipt of these intimations, the Superintendent should note the adjustment in his office copy of the invoice and bill and write up his accounts of receipts and look for the credits advised in the monthly statement of stationery receipts sent to him from the Comptroller after the monthly accounts are completely audited.

As regards the amounts still standing unadjusted, the Superintendent is requested to furnish to Government in consultation with the Comptroller an up-to-date list of arrears due from the several offices for further orders.

Representative Assembly.

No. G. 28217-67—R. A. 40-18-1, dated 20th June 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read again—

Government Order Camp No. 8-58—G. M. 610-17-1, dated 22nd April 1918, introducing certain changes in the rules relating to the constitution and conduct of business of the Representative Assembly.

Government Order No. 15452-60—R. A. 23-18-3, dated 25th January 1919, passing orders on the report of the Special Committee, *re* "Work of the Representative Assembly and duties of its members."

Order No. G. 28217-67—R. A. 40-18-1, dated 20th June 1919.

In the first of the Government Orders read above, Government accepted some of the recommendations of the Special Committee of the Representative Assembly constituted in 1917, to consider the question of the reforms required in the constitution and working of the Assembly, and in the second, further orders were issued on the same subject on the recommendations of a second Committee of the Assembly. Government have since had under consideration the desirability of introducing further reforms in the Assembly and have taken the opinion of the members of the Assembly on some of these matters. The questions under consideration related mainly to the desirability or otherwise of reducing the numerical strength of the Assembly and the redistribution of seats therein, by a readjustment of the representation given to Municipalities and a more judicious allotment of places among associations and public bodies representing special interests so as to give representation to interests not hitherto directly represented in the Assembly.

The question of reducing the membership of the Assembly was considered by the first of the two Special Committees referred to above. The Committee was of opinion that any such reduction was unnecessary. For the present, Government accept this opinion. They consider, however, that the seats in the Assembly should be redistributed so as to give a slightly better representation to Municipalities in view of recent developments in Local Self-Government, and so as to grant representation to certain interests not so far represented in the Assembly directly. The number of members returnable by each taluk or sub-taluk, which was fixed so long back as the year 1894, also seems to require revision in the light of existing conditions. With this object it is proposed to adopt for purposes of allocation of seats to the taluks, a classification of the taluks of the State into three classes (as in Appendix A), which has been made mainly on the basis of the land revenue demand and secondarily on the ground of area, population and other considerations, and to give three seats to each first class taluk, two to each second class taluk or third class taluk and one seat to each sub-taluk. The total number of members representing taluks will thus be 163 as shown in the margin. The number may rise to 170 when the scheme for the abolition of sub-taluks comes into effect.

18 First class taluks ...	54
26 Second ,, ...	52
24 Third ,, ...	48
9 Sub-Taluks ...	9
Total ...	163

The list of Municipalities eligible to return members to the Assembly also needs revision. In 1891, all Municipalities in the State were allowed representation and as this resulted in the over-representation of Municipalities, one-ninth of the population returning 115 members or one-third of the total number of members, 78 Municipalities with a population of less than 5,000 were deprived of their privilege in 1894. The present list of Municipalities was prepared on the basis of the population statistics of 1901 and includes 27 Municipalities returning 42 members. In view of the changes which have since taken place in the population and importanceof several Municipal towns it is necessary to revise this list. It is also necessary to give a more

extended representation to Municipalities than they now possess. It is proposed to adopt for this purpose the classification of Municipalities into City, Town and Minor, as made in the Municipal Regulation (as in lists given in Appendix B), each City Municipality returning 4 members, each Town Municipality (with the exception of the 5* shown in the margin, which on account of their larger population and importance will send two members each) returning one member and also minor Municipalities with a population of 3,000 or more one member each. Under these proposals, the total number of members returnable by Municipalities will be 71 as shown in the margin.

*(Kolar, Tumkur, Shimoga, Channapatna and Davangere)

2 City Municipalities.	8
29 Town { 5—10 / 24—24 } ...	34
29 Minor (Population 3,000 or over) ...	29
	71

The District Boards will, as usual, depute 2 members each and the Kolar Gold Fields Sanitary Board will also be permitted to depute 2 members.

The re-adjustment of seats in the Assembly as above makes room for the representation in it of certain interests not so far represented, such as education, trade, industries, etc. Government have considered the advisability of forming special electorates for these interests but consider such a step undesirable in view of the practical difficulties that would attend the formation of such electorates. They are of opinion that the object in view may be achieved by a more judicious application of the rule which provides for the representation of public associations. There are at present 22 associations of the kind which may be classified as under:—

(1) Associations representing communities.		
Mahomedans	..	6
Vokkaliga.s	..	1
Lingayats	..	1
Vaisyas	..	1
Eurasians and Anglo-Indians	..	1
Total	..	10
(2) Associations representing special interests.		
Law	...	2
Planters	...	4
Mining Board	...	1
Other Industrial, Commercial and Agricultural interests	...	3
Total	...	10
(3) General	...	2
Total	...	22

In order to provide for the representation of the special interests referred to above the privilege of deputing a member to the Assembly may be given to the following public bodies and institutions:—

		Members
Senate of the Mysore University	...	2
Mysore Chamber of Commerce	...	2

The Kolar Gold Fields Mining Board already possesses the privilege of returning a member to the Assembly.

In the case of the associations already admitted to this privilege, it is necessary to enquire how many are doing real and active work and are still qualified under the rules. Government also wish to retain power to group together associations representing identical or allied interests. The Deputy Commissioners will enquire and report at once on the condition, membership and work of the several associations in question. On receipt of this report, the question of continuing to these associations the privilege of electing Representative Assembly members will be settled according to the circumstances of each case. The enquiry suggested above with regard to the condition of each association must be repeated at the time of every Triennial Election so as to ensure that the privilege is exercised by associations doing real public work. The total

number of members representing associations in the Assembly will generally not exceed 25. In this connection Government observe that the rules at present require a quorum of 75 per cent of the qualified members of an association at a meeting held to elect the representative of such association. It has been often brought to the notice of Government that this quorum is too high and works as a hardship. Government consider that there is force in the representation and are pleased to direct that the quorum for such meeting be hereafter 50 per cent instead of 75 per cent as till now

The strength of the Assembly as thus reconstituted will be;—

(1) Elected Representatives from the Taluks and Sub-Taluks.	163 or eventually 170.
(2) Deputed by Municipalities ..	71
(3) Eight District Boards and Kolar Gold Fields Sanitary Board.	18
(4) Deputed by the 22 associations already given the privilege.	22 or eventually 25.
(5) Returned by the additional bodies representing special interests now proposed to be given the special privilege.	4
Total ..	278 or eventually 288.

"This number may perhaps be reduced after the result of the proposed enquiry into the present condition of these associations is known.

The necessary changes in the rules are shown in the annexure to this order.

ANNEXURE.

Rule 4 will read as follows:—

The number of members elected for a taluk or sub-taluk shall not exceed three in the case of those shown in class I, in Schedule B, two in the case of those shown in classes II and III, in the same Schedule and one in the case of a sub-taluk.

Rule 8 (*a*) will read as follows:—

Each Local Fund Board may depute two of its members to the Assembly.
The Kolar Gold Fields Sanitary Board may also depute two members.

Rule 8 (*c*) will read as follows:—

The Senate of the Mysore University may depute two members and the Mysore Chamber of Commerce two members.

An association representing approved public interests may depute a member to the Assembly, provided that such association contains at least 100 members who are not Government servants and that 50 per cent of such members are present at the meeting held for the purpose of nominating a member.

Government may group together for the purpose of electing a member to the Representative Assembly two or more associations with the same or allied interests.

NOTE.—Government may for special reasons allow an association containing less than the above minimum number of members to depute a member to the Assembly

Rule 27 will read as follows:—

The strength of the Assembly as thus re-constituted will be:—

(1) Elected Representatives from the taluks and sub-taluks ...	163 or ... 170 eventually.
(2) Deputed by Municipalities ..	71
(3) 8 District Boards and Kolar Gold Fields Sanitary Board ...	18
(4) Deputed by the 22 Associations already given the privilege	22 or ... 25 eventually.
(5) Returned by the additional bodies representing special interests, now proposed to be given the special privilege ...	4
Total ...	278 or 288 eventually.

" This number may perhaps be reduced after the result of the proposed enquiry into the present condition of these associations is known.

Report of the Inspector of Explosives for the year 1918, received with letter No. 3052, dated 16th April 1919, from the Director, Department of Mines and Geology.

Order No. G. 27558-68—Geol. 107-18-3, dated 7th June 1919.

Recorded.

2. The total number of licenses granted during the year was 246 as against 258 in the previous year. It is reported that the high prices at which articles of firework composition had to be imported and the risk and difficulty involved in obtaining them during the war were the main causes for the decrease.

3. The Inspector of Explosives again urges that unnecessary delay is caused in granting licenses or renewing them by referring applications to the Police for enquiry and report. The attention of the District Magistrates is once again drawn to the observations made on the previous years' reports and they are requested to see that no such delays occur in future.

4. The percentage of explosives premises inspected during the year was 43·93 as against 46·90 in the previous year. Sufficient attention has not been paid to these inspections in five of the districts. Kolar stands last, the percentage of inspections in that district being only 15. This is very unsatisfactory.

5. It is reported that the efficiency of the magazines and stores under the Public Works Department is not tested periodically. Periodical inspections should be carried out by the Departmental officers and notes of inspection forwarded to the Inspector of Explosives for suggestions to remedy defects, if any.

6. No action appears to have been taken by the Department in regard to the issue of a Kannada edition of the Explosives Rules. Necessary action should be taken in the matter without any delay.

7. The number of persons killed and injured during the year as a result of handling of explosives was 13 and 15 as against 8 and 15, respectively, in 1917, the largest number being in the Kolar Gold Field. It is observed that almost all the accidents were caused by drilling through remnants of old holes. Necessary instructions should be issued to guard against such in future. All the persons responsible for the occurrence of accidents were either prosecuted and convicted or dealt with departmentally except in cases where no further action was considered necessary owing to the persons concerned themselves having suffered serious injuries.

8. Government note that the condition of the magazines was generally good.

Action should be taken by the Department to have the defects noticed at the time of inspection rectified with as little delay as possible.

No. 3919-68 / E. A. G. 376

GOVERNMENT OF H. H. THE MAHARAJA OF MYSORE,
GENERAL AND REVENUE SECRETARIAT,
Dated 26th June 1919.

OFFICIAL MEMORANDUM.

At present a guarantee of service for at least three years is required from men appointed to the clerical staff in the General and Revenue Secretariat and agreements are obtained from medical subordinates newly entertained in service binding them to serve for at least three years. A similar practice exists in respect of all employees in the temporary Engineers' cadre newly constituted in the Public Works Department and a form of declaration to be signed by these officers has been prescribed in Government Order No. 1033-35—P. W. 5666-68, dated 8th May 1918. Recently this principle has been extended to the case of temporary employees in the Industries and Commerce Department.

With a view to provide similar safeguards in respect of temporary employees in the other Departments, Government are pleased to prescribe the annexed form of agreement to be executed by all such employees on an eight anna stamp paper.

By Order,

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—All Heads of Departments.
The Secretaries to Government.
The Deputy Commissioners of Districts.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Order No. 56—E. A. G., dated 25th June 1918, sanctioning Inspection Rules for the District, Sub-Division and Taluk Offices.

2. Correspondence ending with letter No. C. 1786, dated 21st April 1919, from the Revenue Commissioner in Mysore, submitting proposals for the revision of the rules for the inspection of Taluk Offices.

Order No. 3910-8—E. A. G. 378, dated 26th June 1919.

At the meeting of the Deputy Commissioners and select Heads of Department, held at Mysore during the Birthday Session of June 1918, it was brought to notice that the Taluk Inspection Report form was too elaborate and that, while it may be used by Amildars for the inspection of their own offices, the form to be used by the superior officers inspecting a Taluk office might contain only the more important questions. The Revenue Commissioner who was consulted in the matter suggests that the following questions in the present form might be omitted in the one proposed for inspecting officers:—

Questions Nos. 3, 4, para 2 of question 8, 14, 19, 27, 28, 29, 33, 34, 41, 45' 49, 54, 55, 58, 68, 70, 71, 72, second sentence in question 77, 78, 80, 81, 82, last two sentences in question 84, 103, 104, the first sentence in question 109, 161, 172, 175, 176, 198, 206, 207 the note under question 209, 211, 212, 213, and the note under question 216.

He also suggests certain verbal modifications in the other questions as shown below:—

(1) The words "and is it examined every month by the head of the office's may be inserted at the end of question 50, and the words "and brought up to date" at the end of question 67.

(2) Question No. 163 may be modified as follows:—

Are registers maintained to show (1) advances made for raiyats' share of contribution for restoration of minor tanks and for earthwork or other maintenance work to restored tanks, (2) contribution due from raiyats in respect of major works?

What is the work outstanding under each head?

What steps have been taken to recover the overdue amounts?

3. Government are pleased to approve of the proposals of the Revenue Commissioner. The revised form containing questions relating to the Revenue Department, *viz.*, General, Munshi Branch, Daftar Branch, Marahmat, Record Branch and Miscellaneous, is appended hereto. The existing stock of printed forms should be used after making the necessary corrections.

READ—

Memo No. C. Per. 38-2, dated 19th—21st April 1919, from the Revenue Commissioner in Mysore, submitting statement of progress made in the restoration of minor tanks for the half-year ending 31st December 1918, with a copy of his review thereon.

(Printed as annexures.)

Order No. R. 15671-80—L.R. 15-18-18, dated 6th June 1919.

Recorded, with the following observations.

(i) Except the Deputy Commissioners of Hassan and Kadur, no Deputy Commissioner has submitted his report in time, inspite of repeated instructions.

(ii) The statements have not been prepared with care and the following among other discrepancies are observed:—

(*a*) In the previous reports number of unrestored tanks is noted as 18,371, while it is stated to be 18,464 now.

(*b*) Number of tanks unfit for restoration was 4,118 in the previous report, while 4,203 are stated to be so now.

(iii) The Deputy Commissioners of Bangalore, Shimoga and Kadur have not furnished figures under column 12.

(iv) The amount spent out of the allotment is very low.

(v) The sum collected by way of contribution is very low, and the progress of work during the half-year is very unsatisfactory.

ANNEXURE NO. I.

Subject Statement showing the progress made in the restoration of minor tanks for the half-year ending 31st December 1918, received from the Deputy Commissioners of Districts on the dates noted in the margin.

District	Date of receipt
Bangalore	14-3-1919
Kolar	3-2-1919
Tumkur	17-1-1919
Mysore	18-1-1919
Hassan	15-1-1919
Shimoga	7-2-1919
Kadur	15-1-1919
Chitaldrug	21-3-1919

A consolidated statement embodying the information contained in the returns is appended.

2. The returns from Hassan and Kadur were alone received in time, while those from Bangalore and Chitaldrug were received so late as the 14th and 21st March 1919, respectively.

3. As has been more than once pointed out, belated returns do not serve any useful purpose. The Deputy Commissioners are requested to see to the submission of the statements in future before the due dates.

4. The Deputy Commissioner, Bangalore, alone has not submitted the statement in the form prescribed by Government in their Order No. R. 11073-83—L. R. 36-17-16, dated 11th May 1918. He is requested to invariably furnish in future information under the various headings contained in the revised form of the statement. It is also seen that the statements received from Kolar, Tumkur, Kadur and Chitaldrug Districts do not contain talukwar details. This is unsatisfactory.

5. Out of 18,464 unrestored tanks in the State, 4,203 tanks were decided to be abandoned as unfit for restoration and out of the balance of 14,261 tanks, 327 were completely restored since the commencement of the scheme up to the 30th June 1918; 627 works were under progress at the end of last year, of which 16 were completed during the half-year under review. The Deputy Commissioner of Chitaldrug reports that 11 tank works in his district were nearing completion.

6. The number of new tanks selected for restoration at the beginning of the current year was 564, of which two were completely restored during the half-year in the Tumkur District. Again, out of this number, 334 tanks in Kolar, Tumkur, Mysore, Hassan and Chitaldrug Districts were not taken up for restoration during the half-year; and the Deputy Commissioners of Bangalore, Shimoga and Kadur Districts have not furnished information under this head. On the whole 632 works were under various stages of progress at the end of the period.

7. Out of the allotment of Rs. 1,75,000 allotted to minor irrigation works, a sum of Rs 34,025 was spent on incomplete and new works; and this amount evidently includes the portion spent on the 18 works which were completely restored during the half-year under reference. The amount spent on incomplete works in all the districts, except Kolar, was Rs. 25,029 and information regarding the sums spent on new works has not been furnished by the Deputy Commissioners of Districts except Mysore and Hassan.

8. The percentage of the amount spent on minor tank works in the districts during the half-year to the total allotment comes to only 19·44. This is indeed very low. The Deputy Commissioners are requested to see that the balance of the allotments sanctioned for the districts is completely utilised before the close of the current half-year. The Deputy Commissioners of Bangalore, Tumkur and Shimoga have not given the percentage of establishment to expenditure in their districts and this omission should be avoided in future.

9. It is seen from the statements that contribution amounting to only Rs. 1,589 was recovered from the raiyats during the period under review in the Mysore, Shimoga and Kadur Districts; and information under this head is not furnished in the statements relating to the other districts. As regards the recovery of contribution from the raiyats, the attention of the Deputy Commissioners is invited to this office Circular No. C. 3433—Gl. 18-19, dated 8th March 1919, issued on the subject. As observed therein, the recovery of the full amount of contribution should be the rule and the grant of time for the payment thereof after the work is started should be the exception. Regarding advances made to raiyats towards their share of contribution, the Deputy Commissioners have not furnished any information. It is believed that future statements will contain this information. It may be stated that on the whole the progress made in the restoration of minor tanks during the half-year in question has not been satisfactory which is attributable to some extent to the prevalence of influenza and other epidemics. It is hoped that better progress will be shown during the current half-year.

ANNEXURE No. II.

Statement showing the progress made in the restoration of Minor Tanks during the half-year ending 31st December 1918.

* The Deputy Commissioner, Kolar, states that the list of unrestored tanks is not perfect and is subject to addition and alteration since the so-called restored tanks before the commencement of the scheme are not restored in the real sense.

(*a*) One unrestored Minor tank is work taken for restoration from the selected list of 1916-17. This tank is excluded from the selected list of 108 tanks shown in column 7.

(*b*) The Deputy Commissioner, Tumkur, states that out of the 5 works completed 4 were not in the printed list and one had been cancelled.

(*c*) The Deputy Commissioner, Hassan, states that information under this head is not complete as reports from some Amildars have not been received.

(*f*) The Deputy Commissioner, Chitaldrug District, states in respect of column 8 that 11 works are nearing completion.

Note.—The figures in column 5, 6 and 11 are provisional.

2. Statements* received from the Chief Engineer, with his letter No. B. 6400, dated 14th May 1919, showing the progress made for half-year ended 31st December 1918.

(Printed as an annexure.)

Order No. R. 15831-40—L. R. 15-18-19, dated 10th June 1919.

Recorded with the following observations.

(1) The statements have been sent up to Government, by the Chief Engineer, after a delay of nearly three months, without consolidation.

(ii) Much attention has not been paid to the correct preparation of these statements, *e.g.*, number and date of Government Order are not stated in column 4. Column 7 is left blank. Column 6 is not filled up in the case of items 1 and 2.

(iii) The explanation for the delay in the progress of works, sanctioned so far back as the year 1914 is unsatisfactory.

(iv) The explanation called for in para 1 (ii) of Government Order No. 8542-51—L. R. 15-18-3, dated 11th January 1919, has not yet been furnished.

(v) The lapses are very large. Government hope that good progress will be shown in the next half-year.

Time allowed for obtaining Copies of Orders.

No. R. 16171-80—L. R. 145-18-1, DATED 18TH JUNE 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Order No. R. 16171-80—L. R. 145-18-1, dated 18th June 1919.

Section 211 of the Mysore Land Revenue Code provides that, in computing the period prescribed for filing an appeal, "the time required *to prepare a copy* of the decision or order appealed against shall be excluded." Under this provision what has to be excluded is, clearly, the time required by the officer to whom the application is made for preparing the copy applied for, and not also the time allowed by the applicant to elapse before taking delivery of the copy prepared. There is, however, reason to think that the distinction is not always clearly understood, with the result that sometimes the whole of the period between the date of application and the date on which the party chooses to take delivery is allowed in his favour contravention of the provision of law quoted.

2. Under the practice prevailing in the Civil Courts a person applying for a copy of a document is informed, as soon as possible after the requisite copying sheets are furnished, of the probable date on which the copy will be ready for delivery; and such date as well as the date on which the applicant actually appears and takes delivery is invariably endorsed on the copy.

3. Government consider that a similar procedure may advantageously be adopted in the case of copies required to be filed before appellate authorities under the Land Revenue Code. They are therefore pleased, under Section 233 of the said Code, to prescribe the following Rule, which shall be inserted in Chapter XVII of the Land Revenue Rules as Rule III A.

"III A. As soon as possible after an application for a copy of a document is accepted, the chief ministerial officer or other person authorised in this behalf shall intimate to the applicant in person or by post the probable date on which the copy will be ready for delivery. If the copy is not actually ready on such date, a further intimation shall be given in like manner of the date on which the copy is expected to be ready.

"The whole of the period between the date of application and the date finally intimated as aforesaid—both of which dates shall be endorsed in words on the copy furnished—shall be taken for the purpose of Section 211 of the "Land Revenue Code as the time required to prepare the copy."

Letter No. 1360, dated 7—8th May 1919, from the Revenue Commissioner in Mysore submitting for approval a draft of a circular letter to the Deputy Commissioners of Districts regarding the subordination of the District Sheristedar to the Personal Aissistant to the Deputy Commissioner.

Order No. R. 16100-49—L. R. 403-18-2, dated 17th June 1919.

The District Sheristedar is not a subordinate of the Personal Assistant, and the Personal Assistant has no independent jurisdiction over arrangements in the Deputy Commissioner's Office.

Para 4 of Chapter I of the District Office Manual explains the duties of the Personal Assistant and under the memo provided for therein, he will have all the powers necessary over the District Office Establishment.

Government direct that the words "Subordinate to the Deputy Commissioner and the Personal Assistant" in para 5 of Chapter I be deleted.

This change may be shown as an amendment to the District Office Manual and numbered.

Government Order No. R. 4890-2—L. R. 570-14-4, dated 19th November 1915, sanctioning a reduction of establishment for the Inam Department, and requesting the Inam Superintendent to submit proposals within four years from the date of the order, for the amalgamation of the Inam Department with the Survey, and if possible, also a further reduction of establishment.

2. Letter No. 82, dated 13th March 1919, from the Superintendent of Inam Settlements in Mysore, stating with reference to the Government Order read above, that the Comptroller has budgetted expenses for the Department only up to the 15th December 1919 and made no provision in the budget of the Survey Department for the continuance of Inam work and submitting therefore his proposals in the matter of the amalgamation of the Inam Department with the Survey.

Order No. R. 15909-11—L. R. 357-18-2, dated 12th June 1919.

The Inam Superintendent, proposes the continuance of the reduced establishment, as sanctioned in the Government Order read above and the incorporation of the same, on the existing scale, as noted in the margin, along with the single Karkoon in the Survey Department who looks to the excess Tharav and miscellaneous work connected with the Survey and Settlement of Inam villages, into the Inam Branch of the Survey Office. The Inam Superintendent further suggests that the services of the clerk on Rs. 25 appointed temporarily for four years, for the special purpose of correcting 22 Quit-rent Registers, may be dispensed with, with effectf rom 1st July 1919, and that the present Manager may be continued on the pay which he is drawing now (Rs. 100 plus Rs. 30 personal allowance).

2. The proposals of the Inam Superintendent are approved.

3. A Manager on Rs. 100 plus 30 Personal Allowance is unnecessary for the small establishment which will, in future, be a branch of the Survey Office. The Superintendent should submit proposals for providing a place to the Manager in the Survey Office to look after some other branches of his office, in addition to the Inam Branch.

4. It has not been reported whether the work referred to in paragraph 1 of Government Order of 19th November 1915, has been completed as contemplated at the time. A report on the point should be submitted.

5. The Survey Superintendent is requested to incorporate the changes sanctioned above with the proposals called for in Government Order No. R. 15688-89—L. S. 6-18-11, dated 6th June 1919, sanctioning the re-organisation of the Survey Department.

6. Government Order No. R. 3215-17—L. S. 7-16-6, dated 22nd September 1916, transferring Messrs. Sheik Abdulla and B. T. Sitaramaiya to the Survey Department.

7. Notification No. R. 5933—L. S. 7-16-14, dated 12th December 1916, transferring Mr. R. A. Narasimha Iyengar to the Survey Department.

8. Correspondence ending with letter No. 81, dated 25th September 1918, from the Superintendent of Revenue Survey and Settlements in Mysore, submitting proposals for the reorganisation of the Department and forwarding a revised proposition statement in that behalf.

Order No. R. 15688-89—L. S. 6-18-11, dated 6th June 1919.

The constitution of the Revenue Survey Department differs markedly from the other Departments, in that the strength of the different establishments and the scale of pay of the members thereof, have not hitherto been fixed by Government, both being variable at the discretion of the Survey Superintendent. The cost of the subordinate Ministerial and Field establishments is met from an annual lumpsum provision, and so far as these establishments are concerned, the Department is run on lines which cannot be considered as over-liberal. For instance, it is a rule that any kind of leave in the field season entails forfeiture of pay. Though nominally there is a time scale, the Superintendent is not bound to, and often does not give promotions as they fall due by lapse of time.

There is always a paucity of qualified hands in the Department which necessitates the retention of a large number of superannuated officials. The defective system of recruitment and promotions in the Survey Department has led, in a certain measure, to its inability to keep up to the programme of resettlement, drawn up by Colonel Grant before his retirement, with the result that settlement is overdue in not less than 25 taluks.

2. Repeated representations having been received from the officials of the Department for the improvement of their pay and prospects, Government called for proposals in the matter from the Survey Superintendent in December 1917. After considerable discussion and correspondence, he has now formulated (in his letters Nos. 63 and 61, dated 13th September 1918, and 25th September 1918) a definite scheme and placed the same before the Government with the necessary proposition statements.

No. R. 15688-89—L. S. 6-18-11, DATED 6TH JUNE 1919.

3. Government have carefully considered these proposals as also the various representations made by the officials of the several establishments from time to time and are pleased to sanction a revision of the Department in the manner and to the extent noted below :—

4. The proposition statement relating to the Office and Field Establishments sent up by the Survey Superintendent involves a net annual increase of Rs. 31,878 over the present sanctioned limit of expenditure, *viz.*, Rs. 1,20,000 for establishments. The actuals for establishment charges for the past three years come, however, to Rs. 80,516 on an average. As it is found necessary to provide for an adequate staff of Field Establishment to expedite the heavy arrears of resurvey and resettlement work in the State and to improve their pay and prospects, as well as of the office establishment, Government are prepared to sanction an expenditure of Rs. 1,45,000 as against the total normal expenditure of Rs. 80,516 as explained above, to be distributed as follows:—

		Rs.
Permanent establishment	..	1,00,000
Temporary establishment	..	45,000

5. The further details of the reorganisation regarding the Supervising Officers, as sanctioned by Government are given below :—

The Superior staff of officers will consist of—

1 Superintendent with the status of a Deputy Commissioner.
1 Deputy Superintendent.
5 Assistant Superintendents.
1 Do (Temporary).

These will draw their present pay, pending the reorganisation of the Civil Service, which is under consideration of Government.

12 Sub-Assistant Superintendents on Rs. 150—25/2—200.

12	Do	do	(Temporary.)
1	Do	do	for Superintendent's Office, (Temporary).
1	Do	do	for charge of the Headquarter and Record Office.
1	Do	do	for Inam and Miscellaneous work.
1	Do	do	(temporary) for Field relief work.

The Survey Superintendent and Deputy Superintendent will draw their tentage and fixed travelling allowances as before.

The Field Officers will draw their tentage as before and fixed travelling allowance at the following rates :—

Rs. 100 per mensem when in camp.
Rs. 30 per mensem when at headquarters.

A Sub-Assistant Superintendent doing duty as the Office Assistant or the Officer in charge of the headquarters Office will, if he is not an officer of the Assistant Commissioner's grade, draw a local allowance of Rs. 30 per mensem.

6. *Subordinate Establishment.*—Government consider that there is no justification for the practice hitherto in vogue, of making a lumpsum budget grant to be worked out under the sole discretion of the Superintendent and are therefore pleased to direct that the number of hands in each office and establishments and the scale of pay of the several members thereof, should be fixed and that the same should not be altered without the previous sanction of Government.

7. In view of the fact that the Department is a special one, the ministerial staff of which can find no opening except in the offices they work in, Government consider it necessary to treat their cases somewhat liberally and are accordingly pleased to direct that the minimum salary of a fully qualified Survey Official should not be less than Rs. 20 per mensem.

8. The Survey Superintendent is requested to propose in consultation with the Comptroller, suitable amendments to the existing rules regarding the grant of leave, etc., to the officials of the Department.

No. R. 15688-89—L. S. 6-18-11, DATED 6TH JUNE 1919.

9. The officials of the several Field Establishments will be given railway fare and mileage according to the Mysore Service Regulations for the first outward and last return journeys and also for the journeys from one taluk to another in the same field season. In addition to this, they will draw during the Field Season, permanent monthly allowances as noted below:—

		Rs.
1.	Surveyors of—	
	(*a*) Classing establishments	20 per memsem.
	(*b*) Measuring establishments	15 „
2.	Classers	7 „
3.	Karkoons	5 „
4.	Measurers	5 „
5.	Peons	2 „

These allowances will be increased by 50 per cent when the establishments are working in the Malnad.

10. The Shiknars (or learners) should be started on Rs. 7 per mensem and given Rs. 10 during training, and then Rs. 12—15 as probationary measurers until they are eventually confirmed on Rs. 20.

11. The present system of granting preparation and journey time (Vate-kade) will be abolished and the period required for the journey will be allowed according to the provisions of the Mysore Service Regulations.

12. Officers in charge of Field Establishments may during the Field Season grant to their subordinates advances not exceeding one month's pay, the same being recovered in three equal monthly instalments.

13. The existing practice of cutting men's pay for "Harkath" (*i.e.*, days on which no work is done on account of non-co-operation of villagers inclemency of weather, etc.,) to the abolition of which the Survey Superintendent is strongly opposed, will remain unaltered.

14. As the work of resettlement operations will decrease in a few years, if the programme now laid down is carried out, Government consider that it is necessary to provide for the gradual reduction of the Survey Establishments and its final absorption into the Land Records Department. As practically all the hands in the Department are however, now holding substantive appointments, nothing tangible in the way of reduction of establishments is possible at present. The Survey Superintendent is accordingly requested to submit for the orders of Government a revised proposition statement dividing the existing permament appointments into two divisions, *viz.*, two-thirds permanent and one-third supernumerary. No further substantive appointments should be made until all the supernumeraries are absorbed into the regular cadre. The sanctioned strength of the Department may however be maintained by the entertainment of the required number of men on a temporary basis. The establishment to be retained on a permanent basis should be so constituted that it will in itself be a complete self-contained unit, when the supernumerary (or temporary) hands are done away with.

15. Government consider that it is unnecessary to sanction progressive rates of pay for the subordinate establishments in violation of the principle recently laid down, of having only "fixed rates of pay". The proposition statement called for in the preceding para should therefore be prepared with fixed rate of pay, except in the case of only such persons as cannot find any opening outside their posts or offices.

16. As it has been decided to fix permanently the strength and scale of pay of the several establishments, Government consider that the separate establishment of the Deputy Superintendent, who is practically the Audit Officer of the Department, should be abolished and the work transferred to the Superintendent's Office, for which the following extra hands are sanctioned:—

I. *English Branch*—

One Clerk on Rs. 35.
One Clerk „ 25.

II. *Vernacular Branch*—

One Sheristadar on Rs. 60—10/3—80.

No. R. 15688-89—L. S. 6-18-11, DATED 6TH JUNE 1919.

III. *Accounts Branch*—

One Head Accountant	on Rs.	60.
One Accountant	,,	40.
One Do	,,	30.
One Do	,,	25.

IV. *Menials*—

Three peons on Rs. 10, 9 and 8 each.

17. The Superintendent is requested to submit for the approval of Government a statement showing the re-distribution of the hands and arrangements made for the amalgamation of the Headquarters and Records and Deputy Superintendent's Offices with his own office.

18. Necessary additional provision will be made for the establishment charges of the Department in the ensuing year's budget.

19. The re-organisation will take effect from 1st January 1919.

the northside of Survey No. 120 to its north-west corner; then south-west for about 25 chains through Survey No. 122 to a point on the common boundary between Rangapura and Gowdanahalli about 11 chains west from the south-west corner of Survey No. 121 of the latter village; then along the above mentioned common boundary to the trijunction bandhs of the said villages and Hindasagatta.

West.—Then the demarcation line passes along the common boundary between Gowdanahalli on one side and Hindasagatta, Iddalanagenahalli, on the other to the quadrojunction bandhs of Gowdanahalli, Iddalanagenahalli, Nagenahalli and Chellamadu; then again along the common boundary between Chellamadu on one side and Nagenahalli and Uduvalli on the other to meet the starting point.

Remarks.

A. Enclosure.

Survey Nos. 35, 36 and 38 of Ganjalagunte are clubbed together and treated as an enclosure with a margin of 5 chains all round. Access to this is by means of rights of way Nos. I. and V.

B. The following rights of way are admitted within the block for use throughout the year by men and cattle in case of foot paths and by men, cattle and carts in case of cart-tracks.

I. Foot-path 6 feet wide from Hulagalakunte to Gowdanahalli: It enters the forest in the northern boundary of the block at a point about 7 chains south-west from the south-west corner of Survey No. 21 of Chellamadu and runs south-east for about 23 chains through Survey No. 24 of Chellamadu and quits the forest in the same boundary at a point about 5 chains north from the trijunction bandhs of Chellamadu, Ganjalagunte and Somenahalli villages; it again enters the forest in the same boundary at a point about 3 chains slightly north-east from the said trijunction bandhs and runs south-east for about 24 chains through Survey No. 37 and reachest he enclosure at a point about 7 chains north-west from the south-west corner of Survey No. 38; it re-enters the block at a point about 5 chains south-west from the south-west corner of Survey No. 38 and passes in a south-easterly direction for about 93 chains through Survey Nos. 39, 40, 32, 31, 30 of Ganjalagunte and 4 and 5 of Gowdanahalli and leaves the reserve at a point about 7 chains west from the north-west corner of Survey No. 2.

II. Foot-path 6 feet wide from Gowdanahalli to Hiriyur: It enters the forest in the southern boundary of the block at a point about 6 chains north-west from the north-east corner of Survey No. 1 of Gowdanahalli and runs in an almost northerly direction for about 155 chains through Survey Nos. 8 and 7 of the said village and 22, 23, 24, 56, 53, 52, 47 and 48 of Ganjalagunte and quits the forest in the northern boundary of the block near the trijunction bandhs of Somenahalli, Lakkenahalli and Ganjalagunte villages.

III. Cart-track 12 feet wide from Gowdanahalli to Somenahalli: It enters the forest in the southern boundary of the block at a point about 7 chains north-west from the north-east corner of Survey No. 2 of Gowdanahalli and runs in a north-westerly direction for about 127 chains through Survey Nos. 6 and 5 of Gowdanahalli, 29, 28, 25, 43, 44, 45 and 46 of Ganjalagunte and quits the forest in the northern boundary of the reserve at a point about 9 chains north-east from the north-east corner of Survey No. 42.

IV. Foot-path from Gowdanahalli to Adivala *via* Ganjalagunte: It enters the forest in the southern boundary of the block at a point about 7 chains north-east from the north-east corner of Survey No. 44 of Gowdanahalli and passes in a north-easterly direction for about 75 chains through Survey Nos. 12 and 13 of Gowdanahalli and 17 and 16 of Ganjalagunte and quits the forest in the eastern boundary of the block near the north-east corner of Survey No. 16.

V. Foot-path 6 feet wide from Gowdanahalli to Vadderhatti a hamlet attached to Chellamadu. It branches from the foot-path No. I *supra* at a point about 5 chains north-east from the north-east corner of Survey No. 33 and runs north-west for about 24 chains through Survey Nos. 39 and 34 and reaches the enclosure at a point about 5 chains south-east from the north-east corner of Survey No. 35; it again enters the forest at a point about 5 chains north-west from the south-west corner of Survey No. 36 and passes north-west for about 34 chains through Survey No. 25 of Chellamadu and leaves the forest in the northern boundary of the reserve at a point about 5 chains south from the southernmost corner of Survey No. 26.

VI. Foot-path 6 feet wide from Hindasagatta to Gowdanahalli: It enters the forest in the western boundary of the block at a point about 24 chains south-east from the trijunction bandhs of Hindasagatta, Iddalanagenahalli and Gowdanahalli and runs north-east for about 152 chains through Survey Nos. 123, 126 and 127 of Gowdanahalli and quits the forest in the southern boundary of the block at the north-west corner of Survey No. 128.

No. R. 15710-13—Ft. 201-18-4, dated 7th June 1919.

Letter No. 571, dated 3rd April 1919, from the Forest Settlement Officer in Mysore, to the Revenue Commissioner in Mysore, Bangalore, through the Deputy Commissioner, Chitaldrug District.

I have the honor to report on the conclusion of the settlement of Gowdanahalli Block in Hiriyur Taluk, Chitaldrug District.

2. The initial notification under Section 4 of the Mysore Forest Regulation proposing to constitute the area into a State Forest appeared on pages 999-1000 of the English issue of the *Mysore Gazette*, Part I, dated 6th December 1917. The notification under Section 5 of the said Regulation was issued on 10th December 1917 by my predecessor in office, Mr. B. Basavaradhya, and the same published in the Kannada issue of the Gazette, Part II, dated 20th December 1917. Spare copies of the notification were got served on the villagers concerned through the Amildar and the block was settled by Mr. Basavardhaya himself on 26th July 1918.

3. The records shew that the villagers preferred ten claims to miscellaneous rights during the enquiry out of which two were admitted and the rest rejected as they were found to be unreasonable.

4. Besides this, the Settlement Officer found during the course of his inspection and enquiry six rights of way for which the villagers did not specifically put forward any claims but which were nevertheless admitted under Section 7.

5. It is suggested in the settlement of the Gowdanahalli village that about 400 acres out of the kharab may be converted into gomal for the benefit of the village cattle as the whole area of gomal in the village has been taken away. The suggestion may kindly be approved and necessary further action caused to be taken.

6. The Deputy Commissioner, Chitaldrug, in his docket No. C. 984—Rev. 10 of 18-19, dated 16th January 1919, says that no appeals have been preferred to him against the decision of the Forest Settlement Officer.

7. The following records are herewith submitted:—

1. B. Register.
2. C. Register.
3. Boundary notification.
4. Sketch map.
5. Topo tracing.

8. The date from which the reservation is to take effect may kindly be inserted in the draft boundary notification.

1	Hanumanthiah, Representative chosen by the raiyats of Challamadu	23 7 18	Prays for the exclusion of all the lands proposed to be reserved in this village on the ground that they will be put to inconvenience and that there are 90 houses of Waddars who want lands for cultivation		The village needs no consideration as 100 acres of gomal have been left for their cattle 352 in number There is already a great dearth of labour in these parts and if the Woddars are given lands the above difficulty will surely increase Besides this they do not know agriculture at all Some cunning people have set them up just to thwart reservation and continue to enjoy unrestricted liberty.	Survey Nos 26 and 28 being cultivated lands are excluded from the Forest with the usual cultivation margins and a space of 5 chains is allowed near Survey Nos 34, 35, 30, 10 and 23 of this village and Survey Nos 36 and 16 of Gangalagunte as they are lands in cultivation By shifting the line about 111 acres of kharab will be left for the village This together with Survey No 3 will be 122 acres 36 guntas in all Out of gomal Survey No 29 (area 177 acres 26 guntas) only about 24 acres 16 guntas have been taken for the forest so the village has still 153 acres 10 guntas of gomal This is ample for 80 cattle 290 sheep and 110 goats in the village There are also two assessed wastes of the aggregate area of 35 acres 16 guntas for any possible expansion of cultivation. A foot path 6 feet wide from Hulagalgunte to Somenahalli passing through Survey No 24 is allowed	
2	The villagers of Hulagalgunte	Do	Pray that no lands should be taken from this (Gangalgunte) village for the proposed forest Villagers of Hulagalagunte Somenahalli and Chalamadu grave their cattle in these lands		This is a depopulated village and so nothing should be left The surrounding villagers have been taking undue advantage of lands belonging to this village depriving the Government of its benefits and devastating the tree growth which should on the other hand be encouraged in a dry district like Chitaldrug both for climatic and agricultural purposes	The only cultivated lands of this village are Survey Nos 35, 36 and 38 which are treated as one block of enclosure with a cultivation margin all round Access to this is by means of foot path from Gowdanahalli which bifurcated one branch going to Waddarhatti and the other to Hulagalkunte Gangalkunte is a becharak village with only 41 acres 9 guntas under cultivation All the rest are either kharab or assessed wastes The Forest Department proposes to take all the unoccupied lands It is said that people of Hulagalkunte and Challamadu are entitled to graze their cattle in the lands of this becharak village The village accounts shew that they have enough in their own village for their cattle and hence there is no necessity to grant them any concession Somenahalli also is said to have been grazing its cattle in this becharak village The village has only 125 horned cattle 120 sheep and 480 goats for which there are 489 acres of gomal 188 acres of ordinary kharab and 326 acres of excise kharab available in the village which is more than ample One Contractor Gosai Thimmaiah seems to have applied for all the lands of this village for cultivation on Shraya tenure It has not been sanctioned Taking these lands for Sandal cultivation and making it a State Forest is more important than to enrich a rich already rich man owning many lands It is more expedient and beneficial if poorer people of the landless class are granted some lands Others had also applied for some lands but they have not been granted There are other lands in the neighbouring villages for *bona fide* cultivators These claims are therefore rejected	
3	Gosai Thimmaiya		Has applied for the whole of this area for cultivation on Shraya tenure So no portion should be reserved				
4	Other villagers		Have applied for assessed lands in the proposed block for cultivation So it should not be reserved				
5	People of Hiriyur Town	Do	(1) Claim to grazing right on behalf of themselves in the becharak villages of Lakkanal and Gangatagunte as they have no convenient lands in the neighbourhood of their town (2) Swalai claim on behalf of the villagers of — 1 Hulagalagunte, 2 Somenahalli, 3 Gowdanahalli 4 Raddikatte. 5 Rangapura, 6 Katherkatte,			Hiriyur people say that the villagers noted in Column No 4 have grazing rights over the lands of Gangalagunte The cases of Hulagalagunte and Somenahalli have been settled in para 1, above and that of Gowdanahalli Rangapura, Siddanagenahalli and Hindasakatte are dealt with under the decision of Gowdanahalli and the case of Challamadu in its decision. Raddikatte *alias* Lakkavalli *is itself a* becharak village with a total area of 1,180 acres 26 guntas of which only 302 acres are occupied As the remaining portion is all full of kharabs and assessed wastes there is no necessity for the cultivators to look

5 People of Hiriyur Town	23-7-18	7 Adivala 8 Chelmadu 9 Iddlanagenahalli 10 Hindasakatte 11 Baggavadu and request consequently to abandon the proposal altogether			for pasture outside that village Kathrikatte *alias* Myakalurhalli is an Inam village and it is difficult to believe how it can have any grazing rights over the lands of a Government village They should look for all their conveniences in *their own village* Adivala has 515 cattle and 812 sheep and goats but it contains 387 acres of assessed waste, 233 acres of kharab and 286 acres of gomal not to speak of 172 acres of excise kharab Hence they are all self supporting and their claim is therefore rejected Baggavadu has 84 cattle, 7 buffaloes and 210 sheep and goats for which there is in the village itself 92 acres of gomal and 65 acres of kharab There is therefore no reason why they should be given any rights over Ganjalgunte lands *Ganjalgunte and* Lakkavalli villages are both becharak and the latter is nearer to Hiriyur and its lands are not taken for this block and they are fully available for Hiriyur in case they have a right as alleged It is true that Hiriyur people have not got enough in their own village for their cattle but they have Lakkanalli lands for them and taking away Ganjalgunte lands is no real inconvenience for them Further the District Forest Officer says that the proposed lands are a bit soil for sandal growth and therefore it is not necessary to exclude any lands from the block The alleged enjoyment of Ganjalagunte lands if any seems to be only casual and clandestine winked at by the village officials and as such it cannot be recognized as a right A foot-path 6 feet wide from Gowdanahalli to Wadderhatti (*a*) and a branch of it going to Hulagalgunte (b) are allowed A cart track 12 feet wide to Somenahalli passing through Survey Nos 46, 45 44 43 29 28 and 29 is also admitted *vide* No III, in sketch A foot path 6 feet wide from Hiriyur to Gowdanahalli as shown in village map is also admitted *vide* No, II, in Sketch
Mallappa Patel of Gowdanahalli for the villagers	Do	Exclusion of Survey Nos 13 and 14 proposed to be taken on the ground that darkhasts for cultivation of the same are pending (2) Shifting of the demarcation line to a reasonable distance *from* cultivated lands (3) Free grazing enjoyed by the cattle of Chickbalanahatti, Rangapura, Hindasagatta Iddlanagenahalli and Gowdanhalli to be continued and proposed reservation accordingly given up		There are about 2 000 acres of land under the Matikanve channels lying within a radius of 5 miles from the village which may be given out for cultivation in preference to the lands included in the proposed block (ii) The area of gomal and kharab remaining after the block is formed is sufficient for the pasturage of the village cattle If necessary a portion of the kharab may be converted into gomal (iii) There is a dense growth of timber trees in the proposed reserve and the soil is very suitable for sandal culture. The proposed reserve lies between two high roads and is at a distance of two miles from Hiriyur Town For economic and other reasons, not to speak of the interest of the raiyats themselves it is inexpedient	The villagers represent that the lands of this village should not be taken for Forest on the following grounds — (1) Some lands were applied for cultivation and the darkhasths are yet pending (2) Their cattle are 1 221 in number (3)that the villagers of Chikbalanhatti Rangapur Hindasakatte and Idlavagenahalli are grazing their cattle in the Gowdanahalli lands There are 208 acres of kharab 949 acres of date grove in addition to 129 acres of assessed waste available in the village for 1,216 cattle including 570 sheets and 246 goats which appears to be ample The Government also may be pleased to convert about 400 acres of kharab of the village into gomal for the benefit of the village As the darkhasts for lands are yet pending on their own admission they cannot be granted now. As there are assessed wastes in the village, the darkhasths for gomals and date groves are not entitled to any consideration The records got from the taluk tell the same tale in respect of lands survey Nos 19 and 20 There is no darkhasth for other lands specified (*vide* Amildar's yadi No 28, dated 26th July 1918) As for the 3rd objection it is seen that Chikbalanhatti is a hamlet of Gowdanahalli and consequently its requirements are merged in and provided for along with those of

					to give up any portion of the proposed reserve.	Gowdanahalli. The accounts of Iddalanagenahalli show that the village itself affords sufficient pasture for its cattle there being 335 acres 19 guntas of gomal 507 acres of kharab in addition to 398 acres of date grove for 121 cattle 44 sheep and 180 goats. Similarly Rangapur has 140 cattle, 895 sheep and 450 goats for which there is a gomal of 353 acres, kharab of 331 acres, and 212 acres of excise kharab in the village. Similarly Hindasakatte has 738 acres of gomal, 738 acres of kharab not to speak of 1,291 acres of date grove for 364 cattle 1,410 sheep and 575 goats since each of the above villages is self provided as it were in the matter of pasturage the necessity for trenching on an outside village is not clear and it must be concluded that the enjoyment is clandestine and illegal. The claim is accordinly rejected. (ii) The line is slightly changed to allow cultivation margin to Survey Nos. 121, 118, 113, 115, 132, 133, 2, 1, 45, 44, and 16. (iii) Survey No. 9 which has since been granted for cultivation is excluded from the forest with the usual margin. (iv) The following rights of way are admitted within the block. Read—

Letter No. B. 1671, dated the 6th February 1919, from the Chief Engineer of Mysore forwarding for sanction of Government, a scheme received from the Chairman, City Improvement Trust Board, Mysore, for extending the Lakshmipuram Extension, Mysore City.

Order No. R. 16080-83—Ml. 146-18-5, dated 16th June 1919.

The Chairman's proposals contained in the letter read above are as follows :—

(i) 7·7 acres of land required for the lay-out, now in the possession of the Sericultural Department to be transferred to the Trust Board.

(ii) A sum of Rs. 10,000 to be drawn from the Trust Board grants for meeting the initial expenses of the scheme, subject to recoupment out of realisations from the sale of sites.

(iii) The surplus receipts after paying the above advance to be utilised for outlay on the extension work.

(iv) Sites to be sold to displaced persons in the Fort, at an upset price of Re. 1 per square yard and the remaining sites to be sold in public auction subject to the aforesaid limit.

(v) Capital and Revenue Accounts to be maintained for this work.

2. It is reported that the outlay on the scheme including the cost of land acquired ten years ago, aggregating to Rs. 48,000 will be more than realized from the sale of sites and that the lay-out is intended for housing the displaced persons in the Fort and other parts of the City.

3. Having regard to the necessity and urgency of the scheme the Government are pleased to accord their sanction to it and also to the other proposals enumerated above.

4. As regards payment of compensation for the transfer of the land measuring 7·7 acres from the Sericulture Department to the Trust Board, Government observe that no consideration was received by the Trust Board for the land made over to the Sericultural Department, and so, no question of compensation for resumption of land arises. It will however be an understanding that another suitable site will be provided by the Trust Board for the use of the Sericultural Department later on, in lieu of the land now resumed. Reasonable compensation not exceeding the amount actually expended by the Sericultural Department on the construction of buildings, etc., should be paid from the funds of the City Improvement Trust Board. Separate orders will issue on this point on receipt of detailed information from the Superintendent, Sericulture Department, as to the amount spent and how much of it consists of the cost of materials capable of being removed to another site or of being sold upon the spot.

5. The reappropriation of Rs. 10,000 proposed in clause II should be treated as an advance to the capital account of the extension an adjusted from the receipts. The surplus receipts after paying this advance may however be utilised for the purpose of financing the work.

6. The estimate for Rs. 38,000 is also sanctioned.

B. RAMASWAMAIYA,
Secretary to Government, Revenue Department.

To—The Chief Engineer of Mysore.
The President, City Municipal Council of Mysore, with the sanctioned plan and estimate.
The Comptroller, Mysore Government, through the Financial Secretariat.
The Superintendent of Sericulture in Mysore.

(7) Letter No. 297, dated 2nd January 1918, from the President, Kolar Gold Field Sanitary Board, suggesting a modification that the period of 30 years required for a Sanitary Inspector to reach the maximum pay may be reduced to 20 years.

(8) Letter No. D. Dis. 523—L. B., dated 14th February 1918, from the Deputy Commissioner, Mysore, stating that the District Board proposes a different scale altogether.

(9) Letter No. D. Dis. 992—L F., dated 26th January 1918, from the President, District of Hassan, stating that the Board proposes to fix the starting grade of the Sanitary Inspector at Rs. 30-2-40+10 Bicycle allowance.

(10) Letter No. G. C. 84-4, dated 5th January 1918, from the Sanitary Commissioner, proposing a modification that the annual increment in the grade of Rs. 60 to 80 may be raised from Rs. 2 to Rs. 4 and suggesting certain other arrangements.

(11) Letter No. 117, dated 4th February 1918, from the President, Mysore City Municipal Council, stating that the Municipal Council, while approving of the scheme generally, do not want a Chief Sanitary Inspector.

(12) Letter No. 58, dated 10th September 1918, from the President, Bangalore City Municipal Council, suggesting that the annual increment in the first grade of Sanitary Inspectors may be Rs. 4 instead of Rs. 2 as proposed.

(13) Letter No. 340, dated 18th March 1918, from the President, Sringeri Municipality, stating that no Sanitary Inspector is needed for the Municipality.

3. Also Letter No. C. 102—L. F. of 18-19, dated 30th October 1918, from the Deputy Commissioner, Hassan District, recommending the grant of a horse allowance of Rs. 20 per mensem to Sanitary Inspectors serving in the Malnad areas of the district and Rs. 15 to the Sanitary Inspector of the Alur Sub-Taluk.

Order No. R. 16474-95—Ml. 184-16-23, dated 24th June 1919.

The scheme proposed in the Government Order of the 10th November 1917, read above and referred to the local bodies for opinion is as follows:—

(i) that there shall be a Chief Sanitary Inspector for Bangalore and Mysore Cities and the Kolar Gold Fields, a sufficient number of Sanitary Inspectors being also employed in each of these local areas.

(ii) Every Taluk Board and every Municipal Council whose annual normal income is not less than Rs. 5,000 to employ a Sanitary Inspector.

(iii) Every one of the other Municipal Councils to entertain, at its option a Sanitary Inspector according to its financial condition.

(iv) The salary of the Chief Sanitary Inspectors and Sanitary Inspectors to be fixed as hereunder and met entirely from the funds of the local bodies employing them:—

	Rs.	
(*a*) Chief Sanitary Inspector ..	80—4—100	+15 H. A.
(*b*) Sanitary Inspectors.		
For 1st 5 years ..	25—1—30	+10 B. A.
From 6th to 10th year ..	30—2—40	+10 B. A.
,, 11th to 15th year ...	40—2—50	+10 B. A.
,, 16th to 20th year ...	50—2—60	+10 B. A.
,, 21st year and onwards ...	60—2—80	+10 B. A.

(vi) The best among the Sanitary Inspectors of at least 15 years standing to be selected generally as Chief Sanitary Inspectors.

2. From the replies received it is seen that the majority of the District Boards agree to the proposed scheme without any modifications, while the District Board of Kolar and the Kolar Gold Fields Sanitary Board propose that the period of 30 years required for a Sanitary Inspector to reach the maximum pay be reduced to 20 years. The Sanitary Commissioner, while approving of the scheme generally, proposes that the annual increment in the grade of Rs 60 to 80 be raised from Rs. 2 to Rs. 4.

3. Government have carefully considered the views of the local bodies in this connection and are pleased to direct that the general principles enunciated in the Government Order of the 10th November 1917, be adopted and given effect to in all the areas under the District and Taluk Boards, Kolar Gold Fields Sanitary Board and the Municipal bodies mentioned in para 6 *infra* with the following modifications as regards the scale of pay:—

Sanitary Inspectors shall start on a pay of Rs. 30 and beon probation for two years after which they shall draw pay as noted in the margin.

	Rs.
From 3rd to 7th year	30—2—40
,, 8th to 13th ,,	40—2—50
,, 14th to 18th ,,	50—2—60
,, 19th to 25th ,,	60—$2\frac{1}{2}$—80

4. Every District Board will also be permitted to employ a reserve Sanitary Inspector for emergent work in connection with epidemics or for relief duties in casual vacancies.

5. As regards the grant of a pony allowance to Sanitary Inspectors recommended by the Deputy Commissioner of the Hassan District, Government consider that, since the proposals already formulated leave out of account this question, provision having been made for cycle allowance only this question may be disposed of by allowing the local bodies to grant at their option a pony allowance of Rs. 20 in the case of Sanitary Inspectors and Rs. 25 in the case of Chief Sanitary Inspectors. per mensem, instead of the cycle allowance of Rs. 10 in the case of Sanitary Inspectors.

6. As for the employment of Sanitary Inspectors in Municipalities with an income of Rs. 5,000 and above, it is observed that some of the Municipalities consulted have expressed different opinions in respect of the details of the scheme proposed. The Sanitary Commissioner is also of opinion that in view of the low finances of most of these bodies it would not be fair to commit them to an ultimate annual expenditure of about Rs. 1,000. Government agree with the Sanitary Commissioner in this view, but having regard to the sanitary interests of the larger Municipalities in the State it is necessary to lay down some definite ruling in the matter. Government are accordingly pleased to direct that in all Municipalities with a normal annual income of not less than Rs. 7,000 at least one Sanitary Inspector shall be employed, the City Municipalities of Bangalore and Mysore and the Kolar Gold Fields Sanitary Board being permitted to employ as many Sanitary Inspectors as their funds permit and needs require, besides Chief Sanitary Inspectors referred to in the Government order of 10th November 1917 read above, whose employment, however, will be left to the discretion of the local bodies mentioned therein.

NO. R. 16474-95—ML. 184-16-23, DATED 24TH JUNE 1919.

7. As regards the smaller Municipalities in the State, Government consider it sufficient if one or more Sanitary Maistries, each on a pay of Rs. 15, is employed according to the needs and financial condition of each Local Body concerned.

8. Government in agreeing with the opinion of the Mysore District Board are pleased to order that transfer of these officers from one District to another be made by the Sanitary Commissioner, with the mutual consent of the respective Boards, while transfers in a district between Taluk Boards may be done by the President of the District Board himself, and between a Taluk Board and a Municipal Council with the consent of the Presidents of both the local bodies.

Order No. R. 16516-27—Ml. 140-18-18, dated 24th June 1919.

Instances of funds having been provided for works in the budgets of Municipal Councils before estimates therefor are got ready or even before the works are selected, have come to the notice of Government. This system which is incorrect in principle often leads to large lapses of budget provisions for works. It is therefore ordered that no funds should generally be provided in the budget until works are selected and estimates are got ready for them.

Fee Concessions in Aided Institutions.

Correspondence ending with letter No. A. C. 2944, dated 3rd December 1918, from the Inspector-General of Education, in the matter of granting certain fee concessions to the aided institutions.

2. Correspondence ending with letter No. 209, dated 20th April 1919, from the Secretary, Education Committee, on the subject.

Order No. 12426-8—Edn. 22-18-18, dated 28th June 1919.

Under the provisions of the Grant-in-Aid Code, no allowance can be made for the loss of fee income involved in the grant of freeships, scholarships and other fee concessions to students in aided institutions for the purpose of determining the grant-in-aid admissible under the rules. The Inspector-General of Education states that this rule does not seem to have been enforced in the past, and that, if now enforced, it will serve as a great hardship as it may compel the aided institutions not to give any such concessions. He therefore proposes that either the aided institutions should be treated as being on the same footing in the matter of fees or freeships in Government institutions should be abolished.

2. The Education Committee are also of opinion that the Grant-in-Aid Code may be amended so as to admit of the fee concessions being allowed in aided institutions.

3. Government are pleased to approve of the proposals of the Inspector-General of Education, and to direct that the Grant-in-Aid Code be suitably amended as noted below:—

Clause V, Section B, item 2 of the Grant-in-Aid Code:—

Add after "no deduction will be made on account of fee concessions and scholarships"—"except such as are authorised by the Department."

Insert as clause 2 (a).

"It shall be permissible until further notice for aided institutions to grant free studentships in the Anglo-Vernacular and High School Departments up to 20 per cent of the strength of each class, and in the Entrance Class up to 33 per cent of its strength. Further the provision that Backward classes scholarships also carry with them free studentships will apply to aided schools also."

Budget Estimates of the University of Mysore for 1919-20.

No. CAMP 12-13—EDN. 346-18-3, DATED 12TH JUNE 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter No. 8794, dated 29th March 1919, from the Registrar, Mysore University, forwarding six copies of the Budget Estimates of the University for 1919-20 as finally passed by the Senate.

Order No. Camp 12-13—Edn. 346-18-3, dated 12th June 1919.

The Budget of the Mysore University as proposed by the Senate provides a sum of Rs. 14,07,132 under receipts. This assumes a Government grant of Rs. 11,17,712 and includes an opening balance of Rs. 2,27,390.

After careful consideration of the requirements of the various departments of Government, the Government grant for the University has been fixed for the year 1919-20 at 7 lakhs. The total receipts including the opening balance and other sources of income will thus amount to Rs. 9,82,458.

2. When the University scheme was originally sanctioned the annual cost of maintenance of the University was estimated at between Rs. 3½ and Rs. 4 lakhs. Government consider that before proceeding to frame a budget the University should ascertain the Government grant likely to be sanctioned and prepare the estimates with reference to sanctioned expenditure and the additional grant likely to be provided.

3. Government have carefully scrutinized the budget estimates as framed by the University and are of opinion that the estimated expenditure of Rs. 18,32,132 is capable of considerable reduction and the receipts now provided will be sufficient to meet the requirements in all directions for the next year. The estimates are sanctioned with the following modifications.

		Proposed by the University	Sanctioned	Remarks
	Colleges—	Rs.	Rs.	
II	i. Engineering College ...	2,05,998	1,50,000	The provision for equipment may be curtailed
	ii. Training College ...	40,000	15,000	No final scheme has as yet been submitted to Government. The subject will be considered by the Senate at the September meeting. The provision suggested will therefore be reduced.
	iii. Agricultural College ...	50,000	nil	No definite scheme has yet been submitted to Government.
III	University Library, books and equipment.	20,000	10,000	
IX	University Union ...	7,000	2,500	
XIII	University Press ...	50,000	nil	Orders have issued to develop the Branch Press to meet the requirements of the University. No separate provision is necessary.
XIV	Construction and repairs ...	3,00,000	1,65,000	A separate Senate House is unnecessary at present.
XV	Furniture for new buildings	50,000	25,000	

The budget estimates, as approved, will appear as appendix to this order.

4. With a view to enable Government to fix the grant actually necessary to provide for the normal expansion of the University for the next five years the Uni-

versity Council will be requested to examine the requirements of the University in full under the following heads—

(1) Recurring and non-recurring expenditure of schemes already sanctioned, Additional provision required for further expansion.

(2) New faculties to be opened and new developments to be provided for The estimates may be framed on the assumption that the total expenditure for eac year will be limited to 10 lakhs.

CONFIDENTIAL. **Mysore Iron Works.**

No. 12260-7—I. & C. 294-18-2, dated 24th June 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Proceedings of the Conference of the Officers connected with the Mysore Iron Scheme on the 2nd April 1919.

Order No. 12260-7—I. & C. 294-18-2, dated 24th June 1919.

With a view to enable the manufacture of pig iron being actually commenced by March 1921, Mr. Perin has suggested the following programme:—

All machinery and other materials to be purchased in America and shipped on or before the 1st January 1920.

All foundation work at the factory site to be completed by October 1919. Erection of steel-shells for blast furnace hot blast stoves, retorts to be started in October 1919. Railway feeder lines to be completed by January 1921. Forest lines to be in operation by October 1920, so that there may be sufficient well-seasoned fuel in stock. Felling and cutting operations to be started about October 1919 and structural steel to be fabricated in India, to be ready for erection by January 1920. Fire bricks for boilers, furnace-stoves and retorts to be purchased, delivery commencing at least by February 1920. Water-supply for plant and town to be started as soon as plans are completed.

The programme has also been placed before the Board of Directors. Government are pleased to approve of the programme in general, and to direct that the various departments concerned with all the operations incidental to the scheme, should make necessary arrangements to see that their portion of the work is completed within the prescribed dates.

2. It is stated that in order to carry out this programme, the marginally noted provision of funds will have to be made by the end of June 1920. Separate orders will issue on this subject, but the Comptroller is, in the meanwhile, authorised to make available for the works, as required, funds to the extent of about 4 lakhs from the current year's budget and about 26½ lakhs provided for the purpose, in the budget for 1919-20.

3. Mining equipment	... 2½ ,,
4. Buildings	... 3½ ,,
5. Water-supply, drainage, etc.	3½ ,,
6. Establishment	1 ,,
Total	... 65½ ,,

3. The Managing Agents will be requested to furnish, after obtaining necessary information from America, a statement showing the probable amounts required to be paid to them on account of expenditure on their share of the operations and the dates on which they may have to be paid, and to give wherever possible, at least three months' notice when any large payments are required to be made.

The Director of Mines and Geology, the Agent, Mysore Railways, the Conservator of Forests and other Officers responsible for the various portions of the scheme, will also furnish to the Special Officer, Benkipur, statements of amounts, etc., required by them for carrying out their portions of the work. The Special Officer will be responsible to see that due intimation is given to Government in time, of the requirements of all the parts of the scheme to enable them to make necessary arrangements for the provision of funds.

4. The Comptroller is also requested to intimate to Government as soon as two-thirds of the amount allotted in the budget has been drawn upon. He will also review the situation in March 1920 and then report to Government what amount has actually been spent already and what additional funds require to be provided to meet the obligations before the end of the official year.

No. 12260-7—I. & C. 294-18-2, DATED 24TH JUNE 1919.

5. As the financial transactions connected with the scheme will hereafter be on a large scale, Government consider that the appointment of a qualified Accountant having experience of accounts, which are maintained in concerns carrying on the manufacture of iron, is necessary and arrangement will accordingly be made to appoint one at an early date in consultation with the Managing Agents. The headquarters of the Accountant will be Benkipur. He will be responsible to introduce a proper system of accounts, to classify and allocate the various items of expenditure and to see to the maintenance of proper accounts. A card of accounts based on the main heads of the estimate, for giving details of expenditure under each of the heads has been prepared under the direction of Mr. Perin and is attached herewith. The Special Officer is requested to give, as far as possibe, particulars regarding the amount sanctioned in the original estimate under each head, amount spent under that head, etc., once in every quarter and to submit the same to Government and the Comptroller.

6. For the custody and issue of stores, a Store-keeper will be appointed. He will work under the general supervision of the Accountant. Separate orders will issue regarding the selection of an official for this appointment.

7. Government are also pleased to issue the following further instructions regarding operations connected with the various parts of the scheme, in accordance with the understanding arrived at, at the Conference referred to in the preamble:—

(i) *Estimates.*—Mr. Perin considers that there are not likely to be any excesses in the estimates prepared in August 1917, for the blast furance equipment and byproducts plant, as certain savings are expected under other heads, such as, cost of fire bricks, etc., and has promised to send up revised figures with reference to rates according to which orders have already been placed and existing conditions, as soon as he reaches America. The Special Officer is requested to obtain detailed estimates for each part of the scheme as early as possible, and to take steps to have the same finally approved and sanctioned. Detailed lists of orders already placed and those to be placad hereafter, with full information as to value, probable time of delivery, payments to be made, etc., should also be obtained and submitted to Government.

(ii) *Machinery.*—The Managing Agents will make necessary arrangements for the purchase and shipping of machinery to be obtained from abroad, so as to reach Benkipur by January 1920.

(iii) *Forest Tramways.*—The Conservator of Forests reports that if the marginally noted forest lines are immediately constructed, he will, with the help of these and the other lines already working, be able to arrange satisfactorily for supplying the fuel required to start with. Out of these (1) and (2) are under construction and (3) and (4) are being surveyed. A sum of Rs. 10 lakhs will be provided till the end of 1919-20 to meet the cost of construction of the lines and necessary equipment. The construction work may be done departmentally the help of the Managing Agents being fully utilised in collecting information regarding the materials required for lines, rolling stock, etc., and in making arrangements for their purchase at the most favourable rates possible. The Agent, Mysore Railways, is requested to see that arrangements for working the lines are complete before the end of December 1920.

(1) Benkipur-Agasannadlu line	...	25 miles.
(2) Tigula-Benkipur Ore line	...	24 ,,
(3) Hebbe-Sheregola line	...	6 ,,
(4) Hebbe-Telebidarahalla line	...	6 ,,

(iv) *Supply of fuel, etc.*—All funds required by the Conservator of Forests, for felling and other operations connected with the collection and supply of fuel to the works, will be given as an advance to be recouped later by the sale of fuel to the Iron Works. The Comptroller is authorised to advance amounts as required, up to a limit of one lakh in accordance with the plan of operations as approved by Government. These advances will be kept distinct from the expenditure on works. A detailed statement showing the areas to be worked during the next five years the quantities of wood to be drawn from each particular area, together with a comprehensive plan of operations, with details of staff, etc., required, should be submitted for the orders of Government by the Conservator in consultation with the Agent for Mysore Railways and the Special Officer by the 15th July 1919. It has been suggested that it would be advisable to purchase a saw-mill for being installed at Benkipur, as all the rejected portions of timber may thus be made useful for making charcoal.

The Conservator is requested to submit his views on this subject to Government so that necessary instructions may be given to the Managing Agents to purchase a saw-mill, if one is necessary.

(v) *Mining equipment and transportation of ore and flux.*—Separate orders will issue placing these operations in charge of Dr. Smeeth. A sum of Rs. 2½ lakhs will be provided for the purpose. Dr. Smeeth is requested to obtain detailed instructions from the Managing Agents regarding the method of conveying the ore to the bottom of the hill and to take steps, in consultation with the Railway Department and the Managing Agents to construct the rope way or other means of letting down the ore, as may be finally decided upon. He will be responsible to see that a sufficient quantity of ore is ready by the time smelting operations are started.

(vi) *Acquisition of lands.*—Separate orders for acquiring the lands required for the Iron Works at Benkipur have issued. The Special Officer is requested to take possession of the same and to submit proposals, through the Revenue Department for the acquisition of any other lands that may be absolutely necessary for the works.

(vii) *Buildings, etc.*—Government are pleased to sanction a sum of Rs. 3½ lakhs for expenditure in connection with buildings, etc., required for the works till the end of June 1920. The total cost on residential buildings should not exceed Rs. 5 lakhs. All important buildings should be constructed pukka. A sum of Rs. 3½ lakhs is also sanctioned for making arrangements for water-supply, drainage, electrical equipment, etc. The Special Officer is requested to settle all details of these works with the Managing Agents, submit complete plans for the buildings, etc., required and get them duly approved. Provision may be made for the supply of an additional 1,000,000 gallons of water for being utilised in connection with the paper-mill and other industries that may be projected by Government.

(viii) *Establishment charges.*—A sum of one lakh will be provided for this purpose. To enable the Company to meet the cost of operations from time to time, an imprest of Rs. 50,000 will be placed at the Tarikere Taluk Treasury to be drawn upon by the Special Officer, as required, on bills, with due regard to audit requirements and paid to the Company's Officers, etc.

As the supply of grain to workmen employed in connection with the Iron Works and tramways, is reported to be attended with great difficulty, grain depots may be started the cost being recouped from wages paid. An advance of Rs. 5,000 will be given to the Special Officer for this purpose.

8. The Managing Agents will be responsible for the construction of all the works connected with the scheme at Benkipur, including the town, the residential quarters, buildings and other accessories relating thereto. The Special Officer is requested to render every help possible to the Construction Officer in the purchase of local materials and to settle any local difficulties that may arise from time to time. He will also arrange for funds required and for payments to be made from time to time.

In addition to attending to all the work to be done on the spot, the Special Officer will keep himself in touch with the progress of the different parts of the scheme, assist in proper coordination and organisation of the various branches of work and bring to notice any lack of progress. He will also see that the programme is kept up and carefully study and make necessary enquiries with regard to all matters in which reduction of rates and savings are possible. A monthly report showing the progress made under each part of the scheme, should be submitted to Government by the 10th of the succeeding month. As far as possible, the Special Officer and Officers appointed by the Company will be expected to cooperate with and assist each other. Should there be any difference of opinion, the matter will be referred for the orders of Government or the Board, as the case may be.

All purchases to be made in Bombay, will be made by the Agents, to whom the requisitions will be sent by the Construction Officer and the invoices will be sent to Benkipur and countersigned by both the Special Officer, and the Construction Officer, the former making arrangements for payment. Similarly, the Special Officer and the Construction Officer will both countersign every bill before payments are made. As regards money required for local payments, such as labour, etc., the Special Officer will also countersign the muster roll, and obtain the money required for payment from the Government Treasury and hand it over for disbursement to the Construction Officer.

No. 12260-7—I. & C. 294-18-2, DATED 24TH JUNE 1919.

10. Government trust that the Heads of Departments concerned will take all necessary steps to see that the specific part of the programme for which they are responsible is duly carried out in accordance with the instructions given above.

Promoting the Development of Industries in the State.

No. 12445-59—I. & C. 286-18-3, dated 28th June 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Government Order No. 4038-54—A. & I. 131-14-8, dated 12th February 1916, passing orders on the proposals of the Director of Industries and Commerce and the Industries and Commerce Committee in the matter of grant of State aid to industries.

Order No. 12445-59—I. & C. 286-18-3, dated 28th June 1919.

In the Appendix to the Government Order read above, Government have laid down the several directions in which they are prepared to help industries of an approved character. Even before the passing of that order, Government had, in a few cases, assisted private industrial concerns by subscribing to their share capital and in other ways.

2. The concessions already offered by Government may be broadly classified as follows :—

(i) Rendering of assistance by grant of loans, hire purchases of machinery, subscriptions of share capital and similar means, the money advanced by Government being eventually fully reimbursed.

(ii) Assistance rendered gratuitously, such as

(*a*) Employment of experts and preliminary experimental work.
(*b*) Grant of bounties, and
(*c*) Exemption from taxes, etc.

(iii) Industries pioneered with a view to their being transferred to private enterprise or to enable the public to participate in them when they begin to yield a return.

3. The form in which Government assistance has been utilised by the people so far, in the majority of cases, has been in the shape of takavi loans or hire-purchases of machinery, but owing to difficulties in getting machinery and other conditions created by the war, it has not been possible to comply with the demand for machinery for the past three years to an adequate extent. A statement, however, is appended showing the amounts advanced by Government up to December 1918. As circumstances are likely to be more favourable for the development of industries hereafter, Government consider that special measures should be adopted during the next three years to provide adequate facilities to meet the increasing demand for financial assistance. Some arrangements are also needed to enable concerns of small magnitude to obtain, at favourable rates of interest, financial accommodation required by them in the initial stages as recommended by the Indian Industrial Commission.

4. Government have carefully considered the question of providing ways and means for rendering financial assistance on a larger scale to industries in future and making the operations less precarious and less dependent upon the uncertain allotments available from year to year. They have accordingly decided to constitute two separate funds for promoting the development of industries in the State. One of these funds to be utilised solely for granting financial assistance in cases in which Government can expect either the repayment of the amount advanced in full with interest or a reasonable return for the investment, and the other for providing money for experimental and other work, the financial results of which are not assured. The two funds will be known respectively as the Industrial Investment Fund and the Industrial Development Fund.

No. 12445-59—I. & C. 286-18-3, dated 28th June 1919.

5. The Industrial Investment Fund will start with an initial grant of five lakhs of rupees and receive annual additions as follows:—

(*a*) An annual provision of three lakhs of rupees made in the ways and means estimates for granting loans on good security and for financing industries which are of an assuredly productive character.

(*b*) Private contributions either in the shape of deposits, subscriptions to debentures or shares in commercial enterprises managed by Government made under rules to be separately issued in this behalf.

For the Industrial Development Fund, an annual provision of one and a half lakhs of rupees will be made in the Revenue Budget. Government may also from time to time, make a contribution from the profits earned by the investments made under the Industrial Investment Fund for special investigations to be carried out and also allow the fund the benefit of receipts from sale of articles manufactured, fees paid, etc.

6. The Industrial Investment Fund will be utilised for the following purposes :—

1. Grant of takkavi loans and supply of machinery on the hire purchase system.

2. Capital and other expenditure required for industries pioneered by Government and worked on commercial lines.

3. Provision of working capital to industrial concerns of a promising character in the initial stages. This form of financial assistance should in the case of private concerns, be arranged ordinarily through a Bank or other recognised Agency, and be regulated by strict rules not only to obviate risk of loss but to avoid interference with private enterprise.

4. Subscriptions towards share capital of private concerns.

5. Any other purposes connected with the development of trade or industries of the State from which the investment may be expected to yield a return.

6. If the resources of the fund are not adequate to provide the working and other capital required by concerns pioneered by Government and other investments, suitable advances may be made out of Government revenues, subject to future adjustment or the additional funds required may be raised by a loan or issue of debentures.

7. The Industrial Development Fund will be applied towards the following objects:—

(*a*) Experimental and investigation work in Industries.

(*b*) Collection of information likely to be of value in the development of industries.

(*c*) Investigations carried out on behalf of the public on payment of fees or free of cost under rules issued in this behalf.

(*d*) Grant of bounties, subventions, guarantees of interest and other concessions from which the State will derive no direct pecuniary benefit. The cost of the programme of work of the Research Board will be met from this fund.

8. With a view to augment the resources of the Industrial Investment Fund, the public will be allowed to participate in the benefits of the fund in the following ways:—

(*a*) By making deposits for which interest not exceeding the Savings Banks rate will be paid.

(*b*) By purchase of debentures that may be issued from time to time.

(*c*) By subscribing for shares towards the capital of specified industries of magnitude started by Government to be financed partly or wholly with the co-operation of the public.

(*d*) By transfer to the public of loans of magnitude repayable by industrial concerns or other interests of a pecuniary character in such concerns.

9. The accounts of the Industrial Investment Fund and the Industrial Development Fund will be maintained separately. Accounts relating to the Industrial Investment Fund will be made up every half-year and an annual balance sheet certified by the Comptroller will be issued by the 15th of August of each year,

No. 12445-59—I. & C. 286-18-3, dated 28th June 1919.

10. A Committee consisting of the Financial Secretary to Government as Convener. The Director of Industries and Commerce, the Secretary to Government for Education and Agriculture, the Deputy Director of Commerce, two members selected from the Industries and Commerce Committee, and a representative of the Mysore Chamber of Commerce, with the Secretary to the Industries and Commerce Committee, as Secretary, will be appointed to work out all details to give effect to the scheme and submit proposals regarding the administration of the fund, participation of the public in the benefit of the fund, the mode of granting financial assistance from the fund, the entertainment of suitable staff for inspection, maintenance and audit of accounts, etc. The proposals of the Committee should be submitted before the end of July 1919.

Report on the working of the Government Savings Banks in the State for the year ending 30th June 1918.

No. Fl. 6501-50—G. F. 168-18-2, dated 5th June 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Letter No. G. A. D. 419, dated the 4th February 1919, from the Comptroller to Government, submitting the annual Report on the working of the Government Savings Banks in the State for the year ending 30th June 1918.

(To be printed in extenso.)

Order No. Fl. 6501-50—G. F. 168-18-2, dated 5th June 1919.

(1) Recorded.

(2) During the year under report, there has been a net increase of 2,068 Savings Banks Accounts, the total for the year both under current and dead accounts, having been 33,403. The deposits during the year have been large and the amount withdrawn less than in the previous year, the total amount at the credit of depositors at the end of 1917-18 being Rs. 72,91,913, *i. e.*, Rs. 9,77,453 more than in the previous year. The increase is stated to be due partly to the transfer of certain amounts to the Savings Banks deposit head from the Personal Estates Account and partly to the higher rate of interest allowed on Savings Bank deposits since April 1917.

(3) The number of depositors with a balance of more than Rs. 5,000 was 250 with an aggregate balance of Rs. 27,60,230 at the close of the year under review as against 214 with an aggregate balance of Rs. 19,86,179 in the previous year.

(4) Government note that under the revised Savings Bank Rules, the depositors are required to note the amount at their credit in every deposit challan and withdrawal form, and these challan and withdrawal vouchers which are received in the Comptroller's Office, afford a ready means of ascertaining their Pass Book balances, so as to dispense with the necessity for calling for the Pass Books annually for verification.

(5) *Village Savings Bank.*—During the year under report 36 Village Savings Banks started work, bringing the total number to 65 at the end of the year. The number of depositors increased from 101 to 320, having Rs. 4,472 to their credit as against Rs. 713 last year. The Village Savings Banks are susceptible of considerable improvement and expansion. The Comptroller reports that the remuneration according to the scale sanctioned in Government Orders dated the 22nd December 1916 to the Officers in charge of these banks is too low and should be made more attractive. He is requested to submit his detailed suggestions in this matter at an early date.

(6) *Savings Associations.*—The number of Savings Associations increased during the year under report to 174 from 133, with an aggregate balance of Rs. 32,510 as against Rs. 16,515 in the previous year.

(7) *Collecting Savings Bank, Bangalore City.*—The number of depositors in the Bangalore Collecting Savings Bank rose during the year to 994 from 624 last year, and the amount at their credit was Rs. 32,409 as against Rs. 5,376 last year.

Government are pleased to note that the Collecting Savings Bank introduced as an experimental measure has worked successfully, and after the close of the year under report Government have directed that the institution be made permanent. The introduction of the Scheme into two other cities, *viz.*, Mysore City and Bowringpet has also since been sanctioned.

(8) The report which was due on 30th September 1918 was received on 4th February 1919. The delay is stated to be due partly to non-receipt of the annual

statements from the several treasuries in time and partly to the time taken in the calculation of interest on balances at 3 different rates, *viz.*, 3½, 4, and 5 per cent per annum on deposits outstanding for different periods. It is reported that none of the District Treasuries sent the Annual Statement by the due date, *viz.*, 25th July and that with very few exceptions these statements were incorrect and that more than 3 months, time was taken up in verifying and correcting them.

The Deputy Commissioners in charge of Treasury Departments are requested to take steps to avoid ithe defects pointed out by the Comptroller and submit the annual statements in time in future.

(9) The Comptroller's proposal to alter the date of submission of his report to Government from 30th September to 15th December, is approved.

Read—

Government Order No. Fl. 100-149—G. F. 5-18-1, dated the 9th July 1918, sanctioning rules for the grant of grain compensation as per scale given in Article 72, Civil Account Code, Volume I, ragi being considered as the staple food grain and the taluk the unit.

2. Government Order No. Fl. 2047-96—G. F. 5-18-29, dated the 23rd October 1918, sanctioning rules for the grant of compensation for dearness irrespective of the price of any particular grain or commodity in the two Cities of Bangalore and Mysore.

Order No. Fl. 6781-830—G. F. 5-18-70, dated 23rd June 1919.

In accordance with the Orders read above, the grant of grain compensation allowance is sanctioned for the month of June 1919, to the employees in the two Cities of Bangalore and Mysore and all taluks and sub-taluks in the State as indicated below :—

(i) To those drawing a pay exceeding Rs. 16, but not exceeding Rs. 30 per mensem, Rs. 3 per mensem.

(ii) To those drawing a pay not exceeding Rs. 16 per mensem, Rs. 1-8-0.

(iii) When the pay is less than Rs. 5 per mensem, the extra allowance will be increased so as to bring up the aggregate pay and allowance to Rs. 6-8-0 per mensem.

Note No. R. C. 1283, dated 20th March 1919, from the Muzrai Superintendent in Mysore, submitting for sanction, proposals for the revision of the scale of income and expenditure in the Gumbuz, Masjid-i-ala and other minor Masjids at Seringapatam, together with his Memorandum thereon, and stating that the proposals which were drawn up by him after personal inspection and enquiry and in consultation with the local officers and other leading persons interested in the institutions have been concurred in by the Deputy Commissioner, Mysore District, who was also consulted in the matter.

(2) Letter No. 98 of 1918-19, dated 26th March 1919, from the Deputy Commissioner, Mysore District, suggesting certain changes in the numbers of recipients and rates of payment in the three classes of stipendiaries in the Gumbuz Langarkhana.

MEMORANDUM.

Proposal for fixing the scale of the Gumbuz, Masjid-i-ala and minor Masjids at Seringapatam.

The aggregate income which at present works up to Rs. 14,370 includes an item of Rs. 700 being the interest earnings from investment and Rs. 600 from the garden. The former will be considerably diminished when the thorough repairs of all the buildings are taken up for which a rough estimate of Rs. 25,000 has already been prepared. The garden income is fluctuating from year to year and cannot wholly be depended upon We may safely put the total income at Rs. 13,730.

2. Owing to rise in prices considerable addition has to be made in recurring charges for the celebration of Urus and Ramzan and a substantial provision for annual maintenance for the buildings, and garden has also to be made if the premises which are frequently visited by distinguished people are to be kept in good condition.

3. The minimum requirements of the institution require an annual expenditure of Rs. 12,810, leaving a surplus of Rs. 920 which just leaves a margin of safety to meet unexpected calls for capital expenditure for repairs and restoration.

4. The sum of Rs. 143-8-0 a month from the Gumbuz Funds which is being spent upon two educational institutions and scholarship as shown in the margin has been left out as the Government have since been pleased to forego the contribution in view of the necessity for the improvement of services in the institution (*vide* Government Proceedings No. 1509-12—M. Sri Tippe Rudraswami Temple at Naikanhatti, Challakere Taluk.

No. 4104-106—Muz. 654-18-2, dated 30th June 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Note No. C. R. 26, dated 24th April 1919, from the Muzrai Superintendent in Mysore, submitting for sanction, proposals for fixing a revised scale of expenditure in the Sri Thippe Rudraswami temple at Naikanhatti, Challakere Taluk, together with his Memorandum thereon, and stating that the proposals were drawn up by him after personal inspection and enquiry and that the increased provision under Rathotsavam suggested by the Deputy Commissioner who was consulted in the matter, has been incorporated in the proposals.

Memorandum.

This institution has an average income of over Rs. 800 calculated on the average collections of 5 years from 1912-13. As the jatra was not held in 1917-18, the year's figures to arrive at the average is taken from 1912-13 instead of from 1913-14. Inam lands measuring 5 acres 8 guntas assessed at Rs. 22-8-0, with a Jodi and cess of Rs. 3-8-3, are in the possession of the pujaris in lieu of rendering service and these bear also the Nityakatle charges. So, income from this source has been omitted on the income side.

Though on the basis of income the temple does not fall under Major Institutions, yet owing to its popularity in this part of the country as the chief Sivachar institution and its growing importance, it is best to retain it under direct Government control.

Establishment.—The proposed establishment provides for 2 Kavalgars at Rs. 2 each per mensem. As the pujaris are in the enjoyment of inam lands, no monthly pay is fixed for them. The pujaries themselves who are said to be otherwise well-to do are averse to a regular pay.

Nityakatle.—Nityakatle charges are also borne by the pujaris who are in the enjoyment of inam lands Diparadhane charges were hitherto being met by Bhaktas, but as it is becoming uncertain. a monthly charge of Rs. 6 is provided for this item.

Hetchukatle.—The existing charges under Hetchukatle items were considered adequate by the Dharmadarsis present. They may therefore continue.

Miscellaneous.—In para 4 of Government Order No. 1549-51—Muz. 533-12-7, dated 21st December 1916, the temple is made responsible for any special expenditure that may be called for on account of sanitary and conservancy arrangements at the jatra. A sum of Rs. 50 is therefore provided on this account in the proposed scale.

An annual contribution of Rs. 50 at 6¼ per cent of the income is set apart out of the savings for the Muzrai Establishment Fund.

General.—The temple owns a lot of unserviceable articles. These the Dharmadarsis propose to convert into a silver palanquin. This request may be granted after the existing articles are weighed and estimated.

The temple has got large puduvat amounts which it would appear are invested in private money transactions and a correct list of the loans is not available. Enquiries have to be instituted and a list prepared.

The statement of income and expenditure is appended hitherto.

Order No. 4104-106—Muz. 654-18-2, dated 30th June 1919.

Government consider the proposals of the Muzrai Superintendent suitable and are pleased to sanction the same.

2. The question of levying a contribution on the temple funds towards the Muzrai Establishment Fund will be considered later on and separate orders will issue in the matter.

Secretary to Government, Muzrai Department.

PUBLIC WORKS DEPARTMENT

Order No. C. P. S. 542-6—11 E., dated 24th June 1919.

In Government Proceedings No. 542-5—C. P. S., dated the 18th September 1913, the Electrical Department is designated Electrical Branch of the Public Works Department.

2. As the Chief Electrical Engineer is the Head of the Electrical Department and is subject only to the administrative control of the Government in the Public Works Department, the Electrical Department will be treated as an independent Department and not as a Branch of the Public Works Department, as from 1st July next.

No. P. W. 1488-96—E. 7757-65, DATED 19TH JUNE 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

PUBLIC WORKS DEPARTMENT.

Order No. P. W. 1488-96—E. 7757-65, dated 19th June 1919.

Government have had under consideration the policy to be followed in future in the matter of the recruitment of officers to the Public Works Department.

2. In paragraph 8 of Government Order No. 878-86—P. W. 4532-9, dated 9th May 1915, it was laid down that recruitment to the class of Sub-Assistant Engineer should generally be confined to Engineering graduates of distinction, others being entertained as Upper Subordinates, Schedule A.

3. It has been the practice in the Public Works Department to offer the post of Sub-Assistant Engineer to successful candidates from the Colleges of Engineering, Madras and Poona, who obtain 58 and 55 per cent of marks, respectively, in the final examination.

4. The institution of the Faculty of Engineering by the Mysore University has rendered necessary, modifications in the rules hitherto followed in the matter of recruitment.

5. Government are pleased to sanction the adoption of the rules appended to this order.

6. At the end of three years, these rules will be modified agreeably to the circumstances of the time.

RULES FOR THE RECRUITMENT OF ENGINEER OFFICERS TO THE PUBLIC WORKS DEPARTMENT

The Public Works Department (including the Electrical and the Railway Departments) will be recruited, as a rule, by graduates in Engineering who take their degrees in the Mysore University.

2. For a period of three years from the first year in which the final Mysore University examinations in Engineering are held, appointments will be guaranteed to the successful students on the conditions and terms specified below:—

(1) Guaranteed appointments will be offered to three Civil Engineers, two Mechanical Engineers and one Electrical Engineer. Those who take the first rank in the first class in the Degree Examinations of the Mysore University in the aforesaid branches of Engineering, shall be appointed as Probationary Assistant Engineers, on Rs. 200 each per mensem, on probation for 2 years. They will take rank after the Sub-Assistant Engineers officiating as Assistant Engineers on the date of their appointment. The rest will be appointed in the order of merit as Sub-Assistant Engineers on Rs. 100 each on probation for a period of two years.

(2) When, in any of the three years, there are no passes in the first class, top men in the second class shall be selected in which case, the number of guaranteed appointments in the Civil and the Municipal Branches will be reduced from 3 and 2 to 2 and 1, respectively, the number in the Electrical Branch remaining unchanged. The starting pay will in this case be fixed at Rs. 150 instead of at Rs. 200 for the Civil and Mechanical Engineers and at Rs. 100 for the Electrical Engineers.

(3) Candidates eligible for guaranteed appointments shall produce certificates of good character and active habits from the Principal of the College of Engineering, in the absence of whose recommendation no appointments will be made.

(4) Candidates will be eligible for guaranteed appointments, provided they pass the respective University Examinations the first time they appear for such examinations. No failed candidates will be allowed to compete a second time for such appointments.

3. For recruitment as Sub-Assistant Engineers on Rs. 100, candidates shall ordinarily be graduates in Engineering, who have obtained not less than 55 per cent of the aggregate number of marks in the qualifying final Engineering Examination (of whatever University) passed by them. Candidates obtaining less than 55 per cent will generally be employed as Overseers, Schedule A, in the first instance.

From time to time, selections according to the vacancies available may also be made from the deserving men in the Upper Subordinate Class, A Schedule.

4. Graduates who pass with distinction, but may not have been able to obtain guaranteed appointments, may be started on a salary of not less than the minimum pay of a Sub-Assistant Engineer and not more than that of the guaranteed post conferred on the best graduates of a year, the case of each candidate being dealt with according to the merits of his case.

5. The above rules will be subject to revision at the end of three years.

Authorization Rolls of the Mysore Railways for the year 1918-19.

No. R. S. 3362-69—Ry. F. 7 OL-18-19, dated 17th June 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

RAILWAY DEPARTMENT

READ—

Note dated 18th December 1918, from the Secretary for Railways, submitting for sanction the Authorization Rolls of the Mysore Railways for the year 1918-19.

Order No. R. S. 3362-69—Ry. F. 7 OL-18-19, dated 17th June 1919.

The rolls provide for earnings and expenditure on the different sections worked by the State as under:—

No.	Name of section	Gross Earnings	Working expenses	Percentage of expenses to earnings	Net earnings
		Rs.	Rs.	Rs.	Rs.
1	Mysore-Arksikere	5,37,000	5,36,426	99·84	574
2	Kolar District	2,47,500	1,97,419	79·83	50,081
3	Bangalore-Chikballapur Light Railway	1,61,500	1,43,878	89·16	17,622
4	Tarikere-Narasimharajapura Tramway	35,000	64,078	183·15	—29,078
	Total ..	9,81,000	9,41,801	96·00	39,199

As there are large differences between the above estimates of earnings and expenses and those sanctioned in the State Budget, the Financial Secretary wanted a revision of the rolls on the basis of the latest actuals. But the Railway Secretary represents that a revision of the rolls, at this stage, as suggested by the Financial Secretary, is not possible and recommends that the rolls may be passed with the proviso that the total expenditure during 1918-19 should be limited to Rs. 7·50 lakhs, the reduction of 1·91 being made under the following heads:—

Abstract A.—	Rs.	Rs.	
I	15,000		
II	20,000		
III	15,000		
IV	5,000		
V	2,000

VI	18,000		
		88,000	
Abstract C.—			
I	5,000		
III	6,000		
		11,000	
Abstract D.—			
I	20,000		
III	2,000		
VII	3,000		
		25,000	
Abstract G.—			
VI	8,000		
VIII	2,000		
		10,000	
Total ..		1,91,000	

and the Financial Secretary has agreed to the modified proposal. Government ar accordingly pleased to sanction the Authorization Rolls for 1918-19 involving a tota expenditure of Rs. 7,50,801.

2. The percentage of Working Expenses to Gross Earnings is very high an not quite satisfactory; but to a certain extent this is inevitable in the earlier stages.

3. The question of distribution of Revenue Expenditure between the severa sections in the ratio of gross earnings should be brought up separately for consider ation.

Read—

Government Order No. R. S. 3077-3083—Ry. F. 216-17-18, dated 9th April 1918, sanctioning the revised estimate amounting to Rs. 1,31,726 for the survey of the Shimoga-Bhatkal Railway, including the investigation of the Bhatkal Harbour Scheme.

Railway Secretary's Note No. 514, dated 5th April 1919, submitting for sanction a re-revised estimate amounting to Rs. 2,11,677 for the above, together with a comparative statement explaining the differences between the original and the revised estimates, with reasons for the excess.

Order No. R. S. 3404-10—Ry. F. 216 G.-18-19, dated 20th June 1919.

The accompanying re-revised estimate amounting to Rs. 2,11,677 involving an excess of Rs. 79,951 over the first revised estimate for the survey of the Shimoga-Bhatkal Railway, including the investigation of the Bhatkal Harbour Scheme is sanctioned.

2. Steps should be taken to separate the estimates so as to show the portion debitable to the Harbour project and to the Railway project, individually, and not together, as heretofore.

3. There is a provision of Rs. 48,000 in the Revised Budget Estimates for 1918-19 and Rs. 32,300 in the Budget Estimates for 1919-20.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

RAILWAY DEPARTMENT

Read—

Government Order No. 913-918—Ry. F. G. 190-18-19, dated 20th September 1918, sanctioning the continuance of an allowance of Rs. 100 to all Executive Engineers and Rs. 50 to all Assistant Engineerss (including Sub-Assistants) transferred from the Public Works Department with the proviso that except in the case of those employed on Survey or Construction work such allowances should, unless otherwise ordered, be absorbed on increase of emoluments in the same way as personal allowances.

2. Railway Secretary's Note No. 2189, dated 19th February 1919, recommending that (1) the Executive Engineer, Mysore-Arsikere Railway Open Line Division, and the Sub-Divisional Officer of Open Line Sub-Division, Hassan, should, if they happen to be officers of the Public Works Department transferred to Railway Department prior to the issue of the Government Order quoted above, be allowed the same allowances as Construction or Survey Officers and (2) Mr. R. Thippaiya, Assistant Engineer in charge of the Bangalore-Chikballapur and Kolar District Railways Division at Chintamani be allowed the full allowance of Rs. 75 (Rs. 50 Railway allowance as an Assistant Engineer plus Rs. 25 as charge allowance) in addition to his grade pay for the time being in the Public Works Department as sanctioned in Government Order No. 2157-60—Ry. F. 190 G. -17-18, dated 23rd January 1918.

Order No. R. S. 3370-75—Ry. F. G. 190-18-19, dated 17th June 1919.

It will be clear from the first of the orders read above that except in the case of those employed on Survey or Construction work, no local allowance is *prima facie* admissible; and Government do not see any special reason to change the orders already passed in regard to the allowances of officers employed on open lines being absorbed on increase of emoluments.

2. As regards the two allowances, *viz.*, Rs. 50 Railway allowance and Rs. 25 charge allowance, that are being drawn by Mr. R. Thippaiya, Assistant Engineer. Kolar District and Bangalore-Chikballapur Light Railways, the former should be regulated by the Government Order of 20th September 1918, quoted in the preamble and the latter will, as a special case, be continued so long as the officer continues in Divisional charge.

Government Order No. R. S. 2656-57—Ry. F. 81-17-18, dated 5th March 1918, sanctioning the grant of daily allowances at 50 per cent more than the ordinary rates admissible to officials drawing a pay not exceeding Rs. 100 engaged on the Shimoga-Bhatkal Railway Survey and the Bhatkal Harbour investigation works, for halts in the North and the South Canara Districts during the months from June to September only till 31st December 1918.

Note dated 28th January 1919, from the Secretary for Railways bringing to notice (1) that note 3 to article 634 (*b*) of the Mysore Service Regulations, unconditionally allows daily allowances at double the ordinary rates to non-gazetted officers during Rs. 100 and below, while travelling in South Canara District and (2) that the above order, while curtailing the privileges allowed under the Service Regulations to this class of officers, without any advantage to the Gazetted Officers on whose behalf the recommendation for enhanced allowances had been made, was in itself inoperative, as between the months of June and September the Survey parties stand fast at Headquarters and requesting sanction to the following enhanced rates of daily allowances:—

(1) to officers 50 per cent more than the ordinary rates, for halts in the North and South Canara Districts in accordance with article 634(*a*) and

(2) to subordinates and menials—double rates of daily allowances for halts in the North and South Canara Districts, in accordance with article 634(*b*) instead of for halts in the South Canara District only, as allowed by note to article 634(*b*).

Order No 3466-71—Ry. F. 81-18-19, dated 26th June 1919.

On a careful consideration of all the circumstances of the case, Government are pleased to order as follows:—

i. in the case officers drawing more than Rs. 100 per mensem, 50 per cent extra daily allowance may be allowed for journeys and halts in the South and the North Canara Districts, subject to the condition that the ten days' halt rule is enforced.

ii. In the case of subordinates drawing Rs. 100 per mensem and less as well as menials, North Canara may be treated in the same way as South Canara under note 3 to article 634, Mysore Service Regulations.
